## Fear Plot to Slay German Chancellor

### REICHSTAG SCENE OF TURMOIL

Heavy Police Guard on Duty As Solons Gather For Session

**SOCIALIST YELLS HALT PROCEEDINGS**

Three Parties Plan Move to Oust Stresemann From Office

BERLIN, Nov. 20.—Extra police guarded the reichstag when it opened today in fear of an attempt to assassinate Chancellor Stresemann, President Loeb revealed to the United Press. It was feared someone might fire at the chancellor as the assassins of the late Herr Rathenau did in the chamber.

At 4:20 the reichstag had to adjourn for an hour because the Communists, yelling that police were stationed inside the building, created an uproar.

President Ebert is prepared to empower Stresemann to dissolve the reichstag if a vote of "no confidence" is passed against him in the present session.

If true, this would give the Chancellor the whip hand in meeting opposition to policies he considers vital, it was pointed out.

Resolutions of "no confidence" from the Nationalist, Socialist and Communist parties were listed for discussion by the chamber.

While the votes probably will come separately and possibly be spread over the week, the immediate future of the Stresemann cabinet was considered by many well informed persons to be extremely precarious.

Adjournment of the reichstag until Thursday was later announced. This left no opportunity for Chancellor Stresemann's speech on the present situation of Germany and his policies.

**CLAIM FRANCE YIELDING TO ALLIED PROTESTS**  
LONDON, Nov. 20.—The moral influence of the United States, Italy and Belgium, as well as the of Britain, was credited here today with bringing France to the point of yielding on her proposed military action against Germany.

**ALLIES AGAIN POSTPONE PARLEY OVER GERMANY**  
PARIS, Nov. 20.—With the fate of the Anglo-French entente still undetermined, the ambassadors' conference was postponed again today at the request of the British representative because his government had not yet agreed to the texts of the notes, it was learned.

The meeting was scheduled for tomorrow.

**HOOVER TO MAKE FOOD SURVEY IN GERMANY**  
WASHINGTON, Nov. 20.—The commerce department will make a survey of food conditions in Germany in December, Secretary Hoover announced today. Hoover denied, however, that he has prepared a plan for American relief in Germany.

**REICHSBANK PRESIDENT DIES SUDDENLY**  
BERLIN, Nov. 20.—President Havenstein of the Reichsbank died suddenly here today.

He had lately had some differences of opinion with members of the cabinet regarding the German government's financial policy and it was known Hjalmar Schacht was being considered as his probable successor.

**Solon Answers Walton; Claims Ouster Due to Popular Demand**

OKLAHOMA CITY, Okla., Nov. 20.—"The people of Oklahoma wanted Governor Walton removed. We carried out their mandate."

With this statement, given the United Press today, the house board of managers which prosecuted impeachment charges against Walton answered his assertion he had not received a fair trial.

Has Narrow Escape As Klan Leader Is Slain ByirateFoe

Mrs. O. L. Haymond of Cleveland narrowly escaped death when W. S. Coburn, leader in the Ku Klux Klan factional strife, was shot and killed in his office in Atlanta, Ga. One bullet from the gun of Phil E. Fox, held as Coburn's slayer, smashed a part of the desk at which she was sitting. Mrs. Haymond was in consultation with Coburn at the time relative to the settlement of an estate.

## TWO FACTIONS IN NEW PARTY MOVE SPLIT OVER FORD

(By United Press Leased Wire)  
OMAHA, Neb., Nov. 20.—The conference of the Independent Progressive party here today was split wide open over the question of endorsing Henry Ford as the party's candidate for President.

An insurgent group, headed by J. A. H. Hopkins, New York, chairman of the "committee of forty-eight," and the Rev. J. L. Beebe, national committeeman from Nebraska, threatened to break away and hold a meeting of its own, if the "regulars," led by Roy M. Harrop, prime mover of the party, insisted on endorsing Ford at this time.

Hopkins and Beebe insisted the conference should take no action at this time, urging that the endorsement of candidates should be postponed until the national convention of the party, scheduled to be held in May.

Thirty delegates present at today's conference were about evenly divided between the two factions.

Delegates from fourteen states attended the session.

Denver was the first city to enter a bid for the national convention of the proposed third party.

**"My Own" Fails To Show in Big Race**

BOWIE RACE TRACK, Md., Nov. 20.—Thirteen patrons got their biggest shock of the race season when Admiral Grayson's "My Own," with Earl Sande in the saddle, was not only thoroughly beaten, but failed to get in the money in the Prince George Handicap.

King Solomon's seal won a drive from Dunlin, with Plagstaff third. My Own finished sixth and never was a serious contender.

The winner paid \$33.60 for a \$2 ticket.

**"30" BULLETINS**  
WASHINGTON, Nov. 20.—Secretary of War Weeks late today announced that Luther Witschke, German spy, serving a life term in the Leavenworth penitentiary, will be released tomorrow and at once deported.

career reached its height in the war against the Ku Klux Klan, was found guilty by the senate on eleven or the sixteen impeachment articles and removed from office late Monday.

"I got what I expected from that particular court," the ousted executive said today, announcing his attorneys will carry to the supreme court of the United States a fight to replace him in office.

**HUNGER STRIKER DIES**  
DUBLIN, Nov. 20.—Dennis Barry died in Newbridge internment camp today after being on a hunger strike for 34 days.

## WOMAN ASKS HEARING BY PROBERS

Wife of Witness Against Forbes Seek to Clear Name of Charges

(By United Press Leased Wire)  
WASHINGTON, Nov. 20.—Mrs. Elias H. Mortimer demanded that the senate committee investigating the veterans' bureau permit her to defend herself against reflections she feels were cast on her by testimony given at the inquiry.

Mrs. Mortimer is the wife of the chief witness against colonel Chas. R. Forbes, former head of the veterans' bureau.

Mortimer testified that "interference with his domestic life" had caused a bitter quarrel between him and Forbes.

Judge Daniel Wright, counsel for Mrs. Mortimer, today formally demanded that the committee permit her to take the witness stand to refute in public "indirect charges made against her."

The committee, after a conference, agreed to permit Mrs. Mortimer to answer questions submitted in writing by Judge Wright, her counsel, and first passed upon committee members.

At the opening of the hearing today, senator Oddie of the committee read into the record his views on the hospital situation in the far west, following an extensive inspection.

Oddie recommended the immediate construction of the hospital at Livermore, Cal., and the retention of the tuberculosis hospitals at Tucson and Prescott, Ariz. He said the two Arizona hospitals were "wretchedly inadequate" and advocated new construction to make them serviceable.

Judge Wright, in his plea for a hearing for Mrs. Mortimer said "I came to you for Mrs. Katherine Mortimer, whose name and character have been the object of very grave and serious charges by some of the witnesses you have heard."

These have been entered upon the archives of the senate and spread broadcast through the press.

"She is asking the opportunity to refute these accusations," Colonel Easby-Smith secured the consent today of the committee to introduce further testimony in defense of Forbes.

**Internal Revenue Men Holding Busy Session**

LOS ANGELES, Nov. 20.—Motion picture studios are to be visited today by Pacific coast internal revenue collectors, attending the first of a series of conferences here.

The Riverside chamber of commerce will be hosts to the visitors tonight at a dinner to be given at Mission Inn. Last night the delegates were given a banquet by the local chamber of commerce.

Discussion of reduction rates of the federal income tax occupied the time of the Monday afternoon session.

**Coolidge Balks At Giving Spy Freedom**

WASHINGTON, Nov. 20.—President Coolidge will consider the case of Latherwitski, German spy, now confined in Leavenworth penitentiary with a view to doing justice, but he has little sympathy with efforts to obtain a pardon for the spy, it was stated on his behalf at the White House today.

An administration spokesman declared erroneous an earlier announcement that Latherwitski had been pardoned and ordered deported.

Yesterday a woman and two children, friends of Mrs. Garcia, are said by police to have confessed to private detectives that they saw Reed moving goods from a truck at the Garcia home. They identified Reed as the driver of the machine, it is said.

Last night another cache containing twelve suits of clothing taken from a local store, ten boxes of groceries, a number of hats and several articles of underwear were found in a hiding place on King's river five miles from here. "This makes a total of three caches found in different parts of the county and brings the value of loot recovered up to \$6,000. Two or three times that amount is believed to have been disposed of before the robberies were exposed."

## Fugitive For 30 Years Plans Return

KANSAS CITY, Mo., Nov. 20.—Thirty years after Miller D. Curtis, cashier of the American National Bank disappeared after an alleged shortage of \$12,000 was discovered in his accounts, "feelers" reached federal authorities here today on whether he would be prosecuted if he returned.

Win last heard of Curtis was in Argentina.

C. C. Madison, United States district attorney, to whom friends of Curtis made representations for his return, has placed the matter before Attorney General Daugherty. It depends on Daugherty's ruling whether Curtis will be prosecuted should he return home.

**McADOO FAR IN LEAD IN BALLOTING**

Former Treasury Head Takes Commanding Lead Over Ford In South Dakota Voting.

SIOUX FALLS, S. D., Nov. 20.—First returns in the election of delegates to the South Dakota proposal convention here today showed William G. McAdoo far in the lead of Henry Ford in the Democratic race.

Out of 2000 Democratic votes cast, 1716 were for McAdoo. All the remaining votes were for Ford.

No returns were available in the Republican and Farmer-Labor elections, but President Coolidge and United States Senator Hiram Johnson, among the Republicans; and United States Senator LaFollette, Farmer Laborite, were apparent leaders in their respective ranks.

## FIEND BRANDS WOMAN WITH ACID CROSS

(By United Press Leased Wire)  
DENVER, Nov. 20.—Mrs. R. Snyder, 27, wife of a federal vocational training student, was knocked down at the door of her apartment this afternoon by an unknown assailant and branded on the left breast with a six-inch cross drawn in a fiery acid.

The assault occurred in a crowded apartment house within sound of several people. She was discovered on the floor of the apartment by her husband when he returned from school.

A rude cross, scrawled on a piece of wrapping paper, was the only clue to the assailant.

The landlord of the apartment advanced the theory that the assailant intended to brand a woman who was recently ejected from the same apartment for bootlegging.

Mrs. Snyder arrived in Denver from Pocatello, Idaho, three weeks ago.

**Long Illness Fatal To Movie Director**

HOLLYWOOD, Calif., Nov. 20.—Allen Holubar, prominent motion picture director, husband of Dorothy Phillips, film star, died here today after a long illness, following a two-months' illness.

Holubar was taken ill while directing a picture in Tennessee, and was returned to Los Angeles, where he was under treatment in a hospital until two weeks ago.

Apparently well on the road to recovery, he was taken home, where he died this morning.

**State Figures Show Divorce On Increase**

SACRAMENTO, Nov. 20.—Cupid, master marksman, scored five tulipes for every shot he missed in California last year, statistics show. Five marriage licenses were issued for every decree ground out by the divorce mill.

But cupid is falling behind in the race. Figures compiled by L. E. Ross, head of the state bureau of vital statistics show that divorces have increased more than 65 per cent in six years.

## MOTIVE SEEN IN REQUEST ON DEBTS

Administration Launches Campaign to Head Off Plea For Veterans

(By United Press Leased Wire)  
WASHINGTON, Nov. 20.—Great political significance is attached to the announcement that the American debt funding commission is shortly to remind France and other debtor nations that they owe billions in war debts to the United States.

This is another link in the chain of evidence showing the administration's decision against the soldier bonus.

It is an effort to forestall a threatened vigorous demand from congress that something be done to collect the money.

It threatens to cause a controversy within the administration between isolationists and those who favor a policy of patience and lenience towards Europe.

Relation of the war debts to the bonus is this:

Many bonus advocates declare that if war debts were collected, the soldier bonus could be paid with the money. But a request for payment is expected to demonstrate the difficulty of collection and thus constitute an answer to bonus advocates in congress and in the 1924 campaign.

In congress, the threatened outbreak regarding debts will come both from the supporters of the bonus bill and from those who want even more sweeping tax reductions than Secretary Mellon's program provides.

Elimination of certain war taxes, which remain though the war has been over five years, could be brought about if the government could collect what is owing it. It will be pointed out. The proposed reminders to debtor nations would constitute an answer to this, by showing the impossibility of speedy collection. It would prevent criticism of the administration in the campaign for failure to make the effort to collect.

**Lone Bandit Stages \$5000 Bank Robbery**

DAYTON, Ohio, Nov. 20.—An armed man walked into the east end branch of the Dayton Savings and Trust company here today, forced Charles McMillen, cashier, to scoop \$5,000 or more from the vault and disappeared with the loot and disappeared.

The robbery occurred at a busy corner where scores of people were passing.

**Mother and 2 Tots Dying from Poison**

MILLERBURG, O., Nov. 20.—A mother and two young daughters are at the point of death here from drinking sulphuric acid, according to doctors reports to Sheriff Stevens. Mrs. Ben Yoder, the mother; Mary, aged 1, and Dora, aged 3, are the victims.

**BURNS TO DEATH**  
OAKLAND, Cal., Nov. 20.—Jacob Lillanthal, a bedridden invalid, was burned to death early today when a lighted cigarette fell from his mouth while he dozed, setting the bed clothing afire.

**Postoffice Bandit Gang Eludes Posse**

LOS ANGELES, Nov. 20.—Bands of officers searching Southern California for the trio of bandits who Monday robbed the Triunfo post office, north of Ventura, were unable to locate the daring robbers today.

Close watch is being kept of all roads near Ventura and Los Angeles for the men who bound and gagged Mrs. Sam Martin, postmistress, and A. M. Bernham, clerk, later engaging in a gun battle with Bernham.

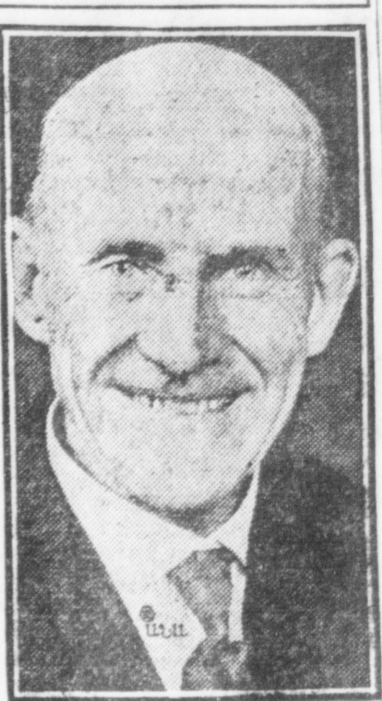

**Coolidge, Congress In Muddle Over Program to Help Farmers**

WASHINGTON, Nov. 20.—With President Coolidge and a majority in congress anxious to relieve farmers in distress, the difficulty of getting an agreement on a program is the biggest obstacle to legislation.

Scores of suggestions have been laid before the president and more will be presented to congress. Even farm block members are not in accord on the best methods of extending federal aid to the farmers.

Owing to this diversity of opinion, the president probably will let congress work out its own program. Among the specific recommendations on agriculture in his message to congress, it is understood, he will submit his views on co-operative marketing and a grain export system.

**MOB PERILS RUM RUNNER IN KILLING**

Lynch Threats Heard as Suspect Taken to Jail Following Death of Sheriff.

CALDWELL, O., Nov. 20.—Crowds of excited citizens milling about the jail here threatened the safety of an alleged rum runner held as a suspect in the slaying early today by Charles Moore, 51, Noble county sheriff. The suspect was captured by a posse near here.

Sheriff Moore was killed when he attempted to arrest two men accused of bolstros conduct. A second suspect in the slaying is held in jail at Byesville.

Shouts of "lynch him" answered attempts of city authorities to pacify the crowds.

The crowd thinned out shortly after noon and Mayor Hupp announced he believed authorities had the situation in hand.

**35,000 NEW PHONES FOR SOUTHLAND, AIM**

SAN FRANCISCO, Nov. 20.—Plans for the extension of telephone service in Los Angeles, ordered by the state railroad commission, were discussed today by officials of the Southern California Telephone company and the railroad commission. The expenditure of funds from the proposed \$30,000,000 bond issue asked by the company was outlined.

The company said it plans to install 35,000 phones in Southern California during the coming year, which will take care of all demands for the time being. There were 84,000 phones installed in the state last year, of which 25,000 were in Los Angeles.

**Two More Ban Petitions**

The comparison of boxing with amateur sports in the schools and colleges is far fetched, Head asserted.

"We know better than to believe that these fighters box merely for medals; that they will stand up and try to beat each other into insensibility for medals," he declared.

"The Kid Mexicans are not in the game for fun. Neither are the Tom Sharkeys. They're professionals; making their living, or a part of it, in this way."

Attorney S. M. Davis then presented two hundred petitions in favor of the ordinance and declared that "we are known by the company we keep."

**Ask Immediate Action**  
"Two notorious prize fighters have figured in boxing shows here recently," he declared. "That shows the element behind these affairs. Do they ever ask one of this board, or a respected business man, or one of our ministers to come down and referee these bouts. They do not. They get prize fighters. Theoretically these exhibitions may be within the law, but actually they are not."

The Rev. F. T. Porter. Santa Ana, spoke in favor of the ordinance, and was followed by W. B. Martin, chairman of the committee working for the ordinance. Both urged passage of the ordinance.

"We ask for immediate action," said Martin. "We are all giving our time without compensation; even our attorneys are giving their services without fee; and a week's delay as asked by the other side, would work much hardship upon our business affairs, as it would require intensive work in getting out as many petitions as the other side would present."

## DELAY ANY SWEEPING DECISION

Supervisors In 'Ringside' Seats As Sport Is Crux of Torrid Session

**RECONVENE AT 2 P. M.**

Pastor, Attorneys, Others Aligned As Opponents; 2955 Sign 'Anti-Note'

Several torrid rounds between "pros" and "antis" of the boxing game, at which the board of supervisors, in "ringside seats," acted as referee here this morning, the "bout" had ended in a draw, for a decision on a proposed county ordinance prohibiting boxing exhibitions had been postponed until 2 p. m. today, at least.

A minister, attorneys, a promoter of the sport and others fought, literally, as verbal hooks, jabs and upper-cuts flew thick and fast across the supervisory chamber, while the opposed forces delivered their arguments for and against the proposed ordinance.

Attorney James I. Allen, representing boxing interests and 2955 petitioners who object to banishment of boxing, filed his petitions and opened the attack, which was in reality a defense of boxing and the local exhibitions.

"Can't Legislate Religion"  
Describing how the Orana club was conducted, Allen defended the game as "clean sport" and compared it favorably with football and other sports in the matter of brutality or moral influence.

"We are all controlled by selfish interests," said Allen. "These opposed to boxing are selfish. We who are supporting it here have selfish interests too. But because we object personally to some thing, it is no reason why that thing should be done away with, or why some other people might not enjoy it."

"We don't want it to be said that Orange county rolls up the sidewalks every Saturday night until Monday morning," said Allen.

"You can't legislate religion into the soul," he added, vehemently.

Attorney H. C. Head answered Allen, declaring that the petitions presented against the ordinance were nothing less than a request for permission to violate the law. Permission to violate the law, he declared, was not to be given.

Graduating exercises will be held tonight at the county hospital in honor of five nurses who have completed a three-year course of training there.

The five graduates are: Mildred Smith, Lenore O'Neill, Pauline Benjamin and Martha Nelson, all of Santa Ana, and Thelma Latham, of Anaheim.

A program in the chapel at the hospital will be opened with invocation by C. C. Collins, hospital chaplain. Two solos will be rendered by Mrs. Theo. Wimbler, of Santa Ana, The Rev. Will A. Betts, pastor of the First M. E. church, Santa Ana, will deliver the address of the evening. Presentation of diplomas will be made by Dr. Harry E. Zaiser, superintendent of the hospital, and the program will be concluded by presentation of class pins by Miss Maude Essie, superintendent of nurses.

Dancing in the hospital club room will follow the exercises. According to announcement by Dr. Zaiser today, fourteen student nurses are still in training at the county hospital, and with the graduation of the present class, room will be made for a half dozen more.

**POSTPONE MEETING**  
**OF EL TORO P.-T. A.**

EL TORO, Nov. 20.—The El Toro Parent-Teacher association at its meeting Friday decided to change the meeting day from the first Friday to the first Thursday. Adhering to this decision the next regular meeting will be held Thursday, December 6, when the subject for the afternoon will be "Home".

Mr. and Mrs. Harvey Swartz are spending a week in San Francisco, with relatives. Mrs. Levi Gackley of Pasadena is staying with the Swartz girls during the parents' absence.

Mrs. L. A. Hemenway has returned from a pleasant trip to the Imperial valley.

Mr. and Mrs. Owen Foley have returned to El Toro, where Mr. Foley is employed by C. W. Swartz.

El Toro was well represented at the farm bureau barbecue at Capistrano Saturday. Mr. and Mrs. Harold Bennett and family, Frank Morgan, Mr. and Mrs. Dale Trapp, Miss Dorothy Stevens, Mrs. L. A. Hemenway, J. E. House, Mr. and Mrs. Warren Gray, Mrs. L. F. Moulton and daughters, Mr. and Mrs. Eugene Ahern and daughter, all report a very nice time.

Mrs. R. H. Prothro is not recovering as expected, so will be denied visitors for a few days yet.

Mr. and Mrs. F. E. James and family have gone to San Onofre where Mr. James has employment.

Mr. Amos Scott, surprised his friends and relatives here by returning from his Oregon trip some what earlier than expected.

George Osterman is expected home from his Mexico trip the latter part of the week.

Mr. and Mrs. Lawrence Arnold have been spending a few days with Mr. and Mrs. N. L. Arnold and family.

L. C. Corner of Los Angeles made his semi-monthly trip to the tin mines this week.

Harvey Swartz, son of Mr. and Mrs. C. W. Swartz, who was hurt some time ago, is improving slowly, but it is not thought likely that he will be able to return to school for a month or six weeks.

Mr. and Mrs. Irving Thompson and family of Tustin, visited relatives and friends in El Toro Saturday.

Secretary James C. Metzgar of the Santa Ana Chamber of Commerce today had received an invitation to attend a meeting of the secretaries of Southern California, to be held Saturday at Santa Monica. The secretaries will be the guests of the Santa Monica-Ocean Park chamber. Metzgar announced his intention of attending this conference.

According to the invitation, a program has been arranged to include a short business session of the secretaries' association, after which lunch will be served at the Miramar hotel.

E. F. MacDonough, secretary of the Santa Barbara chamber, will talk on "The Work of an Organization Secretary".

Civic Ideals will be discussed by Dr. W. F. Dexter, president of Whittier college.

E. B. Conliss, chairman of the Santa Monica-Ocean Park chamber, will tell in detail the results of community advertising.

Judge G. B. Shepherd of the northern district of Florida presided.

Department of justice agents claim that they have proof that more than 1000 automobiles were stolen from every part of the county, cached near the Louisiana-Arkansas line and sold.

**Sewer Project For**  
**Island Is Planned**

NEWPORT BEACH, Nov. 20.—Plans for a Buena Vista sewer system to cost \$100,000, the bonds for the purpose having already been voted, were presented to the city board of trustees last night and that body directed that City Engineer Paul Kressly at once submit them to the state board of health for approval.

It is expected that formal action on the plans will be taken at the next meeting of the trustees.

W. A. Irwin, realty man, asked the board for permission to erect an amusement arcade at the end of Sixteenth street on the bay. It is his plan to move the old Newport pavilion to that place and to construct the amusement center around it. His request was referred to the committee on fire and water.

Bids on the construction of two comfort stations one at Balboa and the other at East Newport were opened but on account of a technical error in the advertising for the bids they were all rejected by the trustees. They will be opened again December 10. J. W. Markel and Sons of Santa Ana were the lowest bidders on the proposals opened.

**PENMANSHIP TO**  
**BE ASKED OF**  
**POLY GRADS**

Where is the fine penmanship of yesterday?

What is the matter with the modern youth's chirography?

The board of education of Santa Ana has determined to find out.

And because the board has ruled that no student in the senior class shall grasp the coveted sheepskin this year until he passes a penmanship test, all seniors are taking that test this week.

What if they fail?

"Then," says L. L. Beeman, who has charge of the test, "they will take a course in penmanship next semester."

The test consists in copying on one page of foolscap, Lincoln's Gettysburg address.

According to Scale

These tests are to be graded according to the Ayers scale, as Prof. Leonard Ayres of Columbia university collected samples of penmanship from school children in all grades in all parts of the United States and, using these as his guide, made a scale by grades, from the first through the high school.

Using the Ayers scale, then, the local committee will grade all senior scribes and class them according to their varying degrees of perfection.

"It would be a bad day for many of the adults, too," one teacher was heard to remark when this test was announced.

And so the reported interviewed M. Nealley, instructor in penmanship, to see if there was some explanation of the apparent deficiency in the writing of today.

Here is what Nealley said:

Thoroughness Impossible

"We are crowding our school curriculum all over the country so full of dozens of things that students have no time to do anything thoroughly. I don't say we should go back to the three R's. Not at all. But I do say that the crowding of school courses today is probably the direct cause of the fact that we write carelessly, just as we do many other things carelessly. Writing is a matter that takes time and attention and we have neither to give it now."

Mrs. Robert Nealley, instructor of English in the junior college, in whose classes penmanship comes up for its most severe test, made the following observation:

"It's the tempo of the age. Type-writers, the rush and hurry of everything, has put the art of fine writing, even legible writing, into the background."

"Fine writing went out with the writing of beautiful letters. People used to take much time for the writing of letters which were pieces of art from the composition point of view as well as that of penmanship. That time is gone and in its place we have the rush of today, which has ruined our penmanship."

**INVITE CHAMBER**  
**HERE TO MEET**  
**IN EAST**

An invitation has been received by the Santa Ana Chamber of Commerce to send delegates to the first mid-year meeting of the eastern division of the Chamber of Commerce of the United States to be held in Philadelphia, January 17 and 18, 1924, according to an announcement made today by James C. Metzgar, secretary of the local organization.

According to Metzgar, this will be the first meeting held under the decentralized plan recently put into effect by the national chamber, and will be followed by similar regional meetings in the other three geographic divisions. At some later date representatives of business organizations in all four districts will come together at the annual meeting of the national chamber.

Representatives of the western division will gather in San Francisco January 29 and 30.

Metzgar said today that the decentralized plan lately instituted by the national chamber provides for dividing the county into four districts. Each district is headed by a vice president of the national chamber, and he is assisted by a divisional manager and staff.

The object of this plan is to build up closer contacts and co-operation between the members of the national chamber located in every state in the Union.

The directors of the local body have taken no action as yet, to appoint delegates to the meeting to be held in Philadelphia, according to Metzgar.

match-making for twenty years," he said "and I want to say that the boxing game in this state at present is absolutely clean. The old days are over. I want to say that boxing is a manly sport, the sport of sports. It made a man physically of me, when I was suffering with tuberculosis since he was 8 years old and it is making a man out of him. If Uncle Sam thought well enough of boxing to introduce it in training camps, to make men out of the fellows who went into the army and navy, then it certainly is good enough for Orange county."

On motion of Supervisor Jeffrey, the board decided to postpone action on the ordinance until 2 p. m.

**BOXING UNDER PROBE OF**  
**L. A. COMMISSION**

LOS ANGELES, Nov. 20.—Indicating that boxing clubs in Los Angeles are still under investigation, the new police commission today postponed for one week the request of the local disabled war veterans' post for a permit to conduct boxing matches.

The postponement followed a request by Commissioner Birnbaum, one of the new appointees, for more time to probe the report that the law governing amateur boxing contests which prevents payment of participants, is being violated.

**LEGION AIDS MOUNTAIN CAMP**

FLUSHING, L. I., Nov. 20.—At least part of every "bonus" to be received from the state of New York by members of William A. Leonard Legion Post of this city, will be given to the veterans' mountain camp at Tupper Lake, N. Y. The state in a recent referendum altered its constitution to enable payments of compensation to all residents who served in the World war. The veterans' mountain camp was purchased and is maintained by legion department of New York.

**FIRE ALARM STARTS DRIVE**

HAVERHILL, Mass., Nov. 20.—When the American Legion started a drive to raise \$20,000 for a clubhouse here, the entire city knew it, because a general fire alarm was sounded. Everybody who called to find out where was the fire was told he might buy a brick in the new building for a dollar.

**LEGION OPENS BAND SCHOOL**

WESTFIELD, N. Y., Nov. 20.—The American Legion band of Westfield, New York, has opened a school for bandmen to which all townsmen are given free tuition. Incidentally, the Legion post at Westfield hopes to increase the size of its own band to fifty pieces.

**MEN MAKE USE OF TRAINING**

BOISE, Idaho, Nov. 20.—Less than 10 per cent of the World war veterans of Idaho who were given vocational training by the government have failed to profit by their training, according to Lester F. Albert, adjutant of the American Legion in Idaho and a national vice commander of the organization.

Approximately 500 veterans were trained in Idaho to take new peace time occupations. But five of them were altogether unable to secure acceptable employment on the conclusion of the training period.

**HAVERHILL SOCIETY QUILTS**

HAVERHILL, Mass., Nov. 20.—When after more than forty years of work for civic betterment, the Groveland Village Improvement society was disbanded by vote of its members, the assets of the organization were turned over to the Nathan M. Webster post, American Legion, which has been active for some time in community projects.

**BUENA PARK**

BUENA PARK, Nov. 19.—Miss Carolyn Sammons of Brea, spent Wednesday night with Miss Elizabeth Berkey.

Melvin Hignfeld, Betty Berkey Everette Berkey, Margie Lee, Mabel Robison, Bertha Robison, Florence Warren and Sam Horn attended the rally at the Fullerton Union High school Friday evening.

Mrs. J. E. Wright has attended court in Los Angeles as a witness in a case.

Parry Lucas and family are moving into their new up-to-date 6-room bungalow on Ninth street. This is the first house to be occupied in the new Mennet tract.

The Chamber of Commerce had its regular meeting Friday night. It was reported the new sign posts for streets are up and the numbers soon will be ready for the houses.

Mrs. Arthur Smith of Harding, has been visiting her mother, Mrs. James Brown.

Miss Lucile McAlmond, who has been staying with her grandmother, Mrs. E. L. Cole, for two years, is a patient at the Huntington Park hospital with a case of appendicitis. Mrs. E. L. Cole and Mrs. George Cole visited her this week.

H. H. Chartrand, who had his hand badly injured a couple of weeks ago, is improving nicely as the hand is almost healed.

C. W. Girvin did experimental work at Signal Hill Thursday.

Educational week was observed at the Congregational church Sunday night. Mr. Calvert, the principal of the grammar school spoke on the education in the school; Fred Bastady, the superintendent of the Sunday school, spoke on the education in the home, and Rev. S. F. Hilgenfeld, the pastor, spoke on the education in the church.

The Buena Park boys' ball team played the boys of the Placentia grammar school at Placentia Friday afternoon. The Buena Park boys came home triumphant with the score 7 to 6. They had already played Placentia this year winning by a score of 13 to 4.

Lester Schofield is now driving the high school bus for Buena Park.

Mr. Meyer and Mrs. Dan Osborne and children of Gentry, Ark., are visiting at the home of Mr. and Mrs. J. H. Whitezell. Mr. Osborne has been here several weeks.

The Womans club has decided to accept the lot offered by Mr. Plosser, who is subdividing his tract on Orangethorpe and Grand avenue and to purchase a lot adjoining it. The club will erect a club house on these lots in the near future.

C. W. Girvin and family were business visitors in Fullerton Friday.

Born, at the sanitarium, November 15, to Mr. and Mrs. Pierce, of Long Beach, a son. Mrs. Pierce is a daughter of Mr. and Mrs. Owens, on Grand avenue.

**FAMOUS JEW SCORES**  
**ACTS OF OWN RACE**

NEW YORK, Nov. 20.—Israel Zangwill has included members of his own race in his caustic criticisms of America.

Lamenting the failure of Jews in the United States to fight Henry Ford and the Ku Klux Klan, the British-Jewish author told the Jewish Publication Society, "I don't like to see a million and a half people in this city with cold feet."

Zangwill said he is not angry but only disappointed with America but that he is both angry and disappointed with the Jews in the United States.

"It is peculiar that here in New York, the greatest Jewish city in history, men should be ashamed of being Jews," he said. "It seems to me rather scandalous."

**A MILLION CAME**  
**THIS YEAR—SPENDING**  
**MILLIONS**

Three hundred thousand of them were motorists!

The pulling power that brings them to the Southland every year in increasing numbers is more than mere sunshine, beaches and highways "as smooth as the inside of your bathtub." The traveling motorist is made to feel probably more quickly in Southern California than in any other region in the world—that he is at home and among friends willing and eager to befriend him!

And what more confusing to a newcomer than having to choose from forty different kinds of gasoline, some poor, some good!

Simply tell him: there's ONE that experienced motorists always count on—that's "Red Crown," the dependable gasoline from the Southern California Refinery of the Standard Oil Company at El Segundo.

It gives quick-starting, sharp, fast pick-up with no sacrifice of power. There's uniform, perfectly balanced gasoline wherever you see the "Red Crown" sign.

Yes, it is really the time to think about Christmas!

**Santa Ana**  
**Book Store**105 East Fourth  
Robt. L. Brown**Ema Says:**

At LAST SANTA ANA is to have a shop entirely new to the Pacific Coast.

The proprietor of this shop, MR. CHRIS J. EMA has conducted a similar shop in the East for a number of years and owing to his years of experience and the personal attention MR. EMA gave to every order, he was very successful, and while the East lost—the West gained, because a shop such as MR. EMA conducts is a valuable asset to any town.

What kind of a shop is it? Well—it's a tailor shop and then some.

Being the third generation of EMA'S to follow the tailoring business I have gained a knowledge of tailoring that is second to none. In fact, my pet hobby is correcting mistakes made by other tailors, I call it refitting.

REFITTING is NOT altering, it is more than altering, REFITTING means taking a misfit garment and REFITTING IT TO THE OWNER WITHOUT THROWING IT OUT OF BALANCE. REFITTING consists of a thousand and one puzzles, there are no two jobs alike, and like all puzzles, it's easy when you know how.

Now then, if you have any clothes that do not fit, dig them out and bring them to EMA and if EMA can not fix them, then it's time to throw them away.

Watch the Register for other features of the shop of EMA and date of opening.

## MRS. BUTLER'S TERRIBLE PAINS

Vanished After Using Lydia  
E. Pinkham's Vegetable  
Compound

W. Philadelphia, Pa. — "When I  
cleaned house last April I must have  
overlaid, for after that I had  
pains and aches all the time and was  
so discouraged I could hardly do my  
own housework, and I could not  
carry a basket, and I could not  
store nor walk even four or five  
squares without getting terrible  
pains in my back and abdomen and  
lower limbs. I went to visit a friend  
in Mt. Holly, N. J., and she said,  
'Mrs. Butler, why don't you take  
Lydia E. Pinkham's Vegetable Com-  
pound?' My husband said that if  
it did her so much good for the same  
trouble, I should try it. So I have  
taken it and it is doing me good.  
Whenever I feel heavy or bad, it puts  
me right on my feet again. I am able  
to do my work with pleasure and  
am getting strong and stout."—Mrs.

## FIRST LECTURE FOR REALTORS ATTRACTS 60

Sixty dealers of Orange county  
today were reciting features of  
their first lesson in the course for  
realtors opened here last night un-  
der the direction of the University  
of Southern California, which is pi-  
oneering in this field of instruction.

Pointing out that the class here  
has been developed by the Orange  
County Realty board, Freeman H.  
Bloodgood, a member of the com-  
mittee in charge, said only real-  
tors who are identified with the  
county organization may avail  
themselves of the courses. There  
are to be four courses, of sixteen  
lessons each. The class will meet  
every Monday evening at 7 o'clock  
at the Frances E. Willard junior  
high school on North Main street.

The course opened with a lecture  
by Prof. Olmstead, of the U. S. C.  
faculty, on the subject, "the rela-  
tion of agent to principal."  
"The courses present actual prob-  
lems that confront men engaged  
in real estate and selling from the  
standpoint that it develops effi-  
ciency in the handling of real estate  
transactions," Bloodgood said.

Dr. Irvin C. Sutton is attending  
the Mayo brothers' clinics at Roch-  
ester, Minn., where he was a fel-  
low in 1920.

A. E. Henning, formerly of the  
municipal arts department of the high  
school, and Mrs. Henning, who were  
recent visitors in Santa Ana, calling  
at the office of the board of edu-  
cation and elsewhere. Mr. Henning  
is now a prosperous business man  
at San Pedro.

Miss Harriet Whidden has fin-  
ished a cozy little garage house on  
the rear of her home place, 518  
South Main street, and she and  
Miss Mayme Brightwell are com-  
fortably settled in the apartment  
above, with every convenience of  
a home in a compact and attractive  
form.

C. F. Collins, deputy county hor-  
ticultural commissioner, and fam-  
ily, have taken Miss Whidden's  
large residence.

Mrs. Lucy Weaver of 708 Lucy  
street enjoyed an over-Sunday visit  
from her brother, A. R. Goodale,  
Mrs. Goodale and their two daugh-  
ters, Beryl and Evelyn, whose  
home is in Glendale.

Mrs. Emma French has returned  
to her home on East Ninth street,  
after a two week's pleasant so-  
journ at Loma Linda. Among other  
Santa Anas at the resort were  
Mr. and Mrs. J. S. Smart, Mrs. S.  
Leonard, Mrs. James Farrage  
and Mr. and Mrs. C. G. Seamans.  
Mrs. French recently visited her  
son-in-law and daughter, Mr. and  
Mrs. Walter Scofield, (nee Ethel  
French) at Escondido, where they  
have established themselves on a  
five-acre ranch.

R. V. Cook, A. E. Shoemaker  
and L. F. Sheets have come on a  
trip to Lower California, where  
they are interested in a hunting  
preserve. They will be absent a  
week.

W. C. Morse of Marysville, Ohio,  
is a guest of his cousins, Mr. and  
Mrs. Harry Skiles, on North Main  
street.

Mr. and Mrs. R. E. McCaghy of  
838 North Van Ness avenue en-  
tertained a party of twelve last  
Friday night at six o'clock dinner.  
In honor of their daughter-in-law,  
Mrs. Frank C. McCaghy of Min-  
neapolis, who will winter here.

Mr. and Mrs. Lloyd Morrison and  
son Dick of Pomona spent Sunday  
here calling upon friends.

Mr. and Mrs. J. E. Liebig had  
as week-end guests at their home,  
820 Spurgeon street, Harry Karst-  
ens, superintendent of the Mt.  
McKinley National park. Mrs.  
Karstens and their little son, En-  
gene, Mr. Karstens and one other  
are the only persons who can claim  
the distinction of having climbed  
Mt. McKinley. Mr. and Mrs. Lie-  
big, however, have the honor of  
taking the distinguished superin-  
tendent and his son for their first  
ride on a roller coaster, when the  
party visited Long Beach Sunday.

Henry Forgeng was here from  
Long Beach for a week-end visit  
with his father, John Forgeng, aunt  
and cousin, Mrs. Elizabeth Bradiger  
and Miss Charlotte Bradiger, at  
721 Garfield street.

Mr. and Mrs. George R. Stovall  
of 815 North Sycamore street visit-  
ed over Sunday with Glendale  
friends.

Mrs. I. L. Hart and her three  
winsome little daughters of Flag-

CHICAGO, Nov. 20.—Mayor  
Dever today ordered that all con-  
fiscated liquor be removed from  
Chicago police stations following  
the fatal explosion of six barrels  
of grain alcohol in the Warren  
avenue station last night.

John McGonigal, veteran police  
officer, was killed when the alcohol  
exploded in a hallway at the sta-  
tion.

## Autoist Beaten By Mob While Helping Other Man's Victim

(By United Press Leased Wire)

LOS ANGELES, Nov. 20.—Police  
were searching today for an un-  
identified automobilist who struck  
down Mrs. Harriett Banton, 71,  
colored, in the negro section of  
the city, starting a riot which failed  
of serious consequences by the  
timely arrival of two hundred  
police.

Dick Verwey, white, said a ma-  
chine ahead of him hit the aged  
negro woman, breaking her ankle.  
The driver failed to stop. Verwey  
said he halted his machine to give  
the woman aid when a number of  
negroes, evidently assuming it was  
he caused the accident, rushed  
out, tore the wiring loose from his  
automobile, and then began to  
beat him.

The near riot was the second  
within a week in the Central  
avenue section of the city.

## ORPHANAGE FOR S. D. MISSION IS PLANNED

Californians, who are interested  
in the work of the restoration of  
some of the wonderful old mis-  
sions in the golden state to a por-  
tion of their pristine glory, will be  
pleased with the announcement of  
Bishop John J. Cantwell, who re-  
cently returned from a trip to  
England and Ireland, that he has  
obtained the consent of the Sisters  
of Nazareth of Hammersmith,  
England, to go to San Diego, and  
establish an orphanage and school  
on the old mission grounds at San  
Diego.

The institution, according to the  
Rev. Father Michael Sullivan of  
San Diego, will accommodate 300  
orphans, and will be placed in op-  
eration before the buildings are  
erected.

Use of the old mission lands for  
the orphanage and school will help  
solve the long-standing question of  
restoration of the mission and im-  
provement of the surrounding  
property, it is said. The orphanage  
and school will be housed in new  
buildings, but it is expected the  
improvements will have a direct  
bearing in hastening the restora-  
tion of the mission as a historic place.

Bishop Cantwell went to Eng-  
land and Ireland with a view to  
securing several foundations for  
his Southern California diocese,  
and to visit his mother whom he  
has seen but twice in twenty-  
three years. She resides in Tip-  
perary, Ireland.

## 'VILLAGERS' GIVE KFAW BIG TREAT

KFAW's audience listened to a  
good orchestral program last night  
when The Villagers broadcast  
from 6:30 to 7:30 o'clock.

A great many numbers were  
crowded into the sharp hour by  
the sharp organization which  
gave a continuous performance in  
which the following hits were  
played: "Just An Old Love  
Song," "That Old Gang of Mine,"  
"No, No, Nora," "Love Tales,"  
"Ten, Ten, Ten," "Sweetie Went  
Away," "Alabama Blacksheep,"  
"Bebe," "Roses of Picardy," a  
violin solo by Walter Martin;  
"Somebody's Wrong," "Foolish  
Child," "Havana," and "Roll on  
Missouri."

Reports were received over the  
telephone during the rendition of  
this program complimenting the  
work of The Villagers. Walter  
Martin is the director and Howard  
White is manager of the orchestra.

## "KING OF KOKOMO" HAS LAUGH AND COLORFUL CHORUS DURING WHOLE TWO HOURS, SAYS CHIEF

With final dress rehearsal set for tonight all was virtually in readiness for the Elks' charity show, "The King of Kokomo," scheduled to open at Yost's theater tomorrow night. The musical comedy, directed by D. S. Hopkins, will also be given Thursday and Friday nights.

According to select clubmen who have been permitted to witness "bits" of the comedy, "The King of Kokomo," with its sixteen girls and its mirth-provoking comedians, Hopkins and Davis, will furnish two hours of solid amusement for the hundreds expected to witness the three performances.

"These shows," said Secretary W. W. Wassor of Santa Ana lodge No. 794, B. P. O. E., "are given by the Santa Ana lodge for the purpose of raising funds to fill the Christmas stock and the market baskets of the poor. Thousands are made happy each year through such avenues. This year the boys and girls will be remembered, as usual, but the grown-ups will not be forgotten."

"The King of Kokomo," a hilarious revue based upon the successes of Bert Williams and other old-time favorites, "carries a laugh in every line," according to Director Hopkins and Davis, have been saddled with the responsibility of keeping the "pot boiling," while the attractive Santa Ana girls, each possessing a remarkably good voice, are changing their many colorful costumes. Advance seat sales, it was stated, indicate capacity "houses" for the three performances.

MISS VELMA WATKINS, SOUBRETTE IN ELKS' MUSICAL COMEDY.

## 35-PIECE BAND IS REHEARSED FOR COMFORT

A band of approximately thirty-five pieces is being developed here, it was revealed today by H. E. Matthews, who is identified with the organization.

D. C. Cianfonti, who recently located in the city, is director of the new organization, a name for which has not yet been selected. Announcing that rehearsals are held every Monday evening at the Shafter Music store, Matthews said that thirty to thirty-five musicians have been present at rehearsals. According to Matthews it is probable the band later will give a concert for the raising of funds to provide uniforms.

Officers are C. C. Langley, president; H. F. Barker, secretary; W. W. Harrington, treasurer. The officers, with Albert Hill and B. B. Kelly, constitute the board of directors.

## DADS AND SONS IN FELLOWSHIP MEET

A closer bond of relationship was felt today between father and son, as a result of the dinner held last night in the basement of the First Baptist church as a part of the regular meeting of the Hi-Y of Santa Ana. There were approximately thirty persons seated at the table when dinner was served by Mrs. A. F. Bowe. Dad was the guest of honor and Dad proved that he enjoyed the honor. The meeting last night was a part of the program outlined for observance of Father and Son week in Santa Ana, as a part of the national program.

C. E. Morris represented the fathers present in a talk on "What Does a Son Expect of His Dad?"

The sons were represented by Laurine Bowe, president of the Hi-Y, who talked on "What Does Dad Expect of His Son?" R. R. Miller, county probation officer, spoke on "It's Great to Work Together."

### Maccabees

Mrs. A. A. Schlasman, of 1201 West Fifth street, will entertain the members of the Women's Benefit association of the Maccabees at an all-day meeting at her home tomorrow. All visiting members are being given a cordial invitation. Those wishing to go out may take either the Los Angeles electric car or the buses.

A Good Thing—DON'T MISS IT. Send your name and address plainly written together with cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Cough Remedy for coughs, colds, croup, bronchitis, "flu" and whooping coughs, and Chamberlain's Stomach and Liver Tablets for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; Chamberlain's Salve, needed in every family for burns, scalds, wounds, piles and skin affections; these valued family medicines for only 5 cents. Don't miss it.

## LOCATE BOOTHS IN RED CROSS DRIVE HERE

Location of booths on the street an attractive display in one of the windows of the Rankin dry goods store and several score of persons working focused attention today on the campaign of the Santa Ana chapter of the Red Cross for memberships.

According to Miss Margaret Esau, campaign chairman, the result of yesterday's solicitations by teams was most gratifying. Although the definite number of new members obtained yesterday was not known to the chairman, she said that reports from various team captains contained expressions of satisfaction.

Street booths for taking memberships were placed on the downtown business streets today and additional booths will be located Saturday under the direction of girls of the Santa Ana junior college, Miss Esau said.

Pointing out that the display of cards indicating membership would be of great service to the Red Cross, Miss Esau urged all who have received these to put them in the windows of their homes. This will prevent workers from calling at residences where memberships already have been taken, she said.

With two manikins dressed in Red Cross nurse uniforms, and a display of posters and equipment used in treatment of emergency cases, the display in the window of the Rankin store was especially attractive, Miss Esau said in expressing her appreciation of the co-operation of the store in developing interest in the campaign.

### COUNTY SCHOOLS TO AID JAPANESE KIDDIES

That Japanese kiddies do not like chewing gum or nuts has been revealed to Miss Hazel Bemus, chairman of the Orange county Junior Red Cross, as an incident of preparation by grammar school children of the county of 400 Christmas boxes to be sent to Japanese children in the devastated areas of Japan.

Announcing today the boxes had just arrived, Miss Bemus said that they would have to be filled and delivered in San Francisco by December 3 for shipment on the Franconia which sails from that port for Japan that day.

She said the boxes should contain toys, materials for toys, dried fruits and hard candies wrapped in oil paper.

Among the schools to which boxes have been apportioned for filling, are the following: John Muir school and Jefferson schools, Santa Ana, 24 each; the latter school already having also raised \$20 in cash; junior high schools, Santa Ana, 50 each; one school at Orange, 48; Harvard avenue school, Fullerton, 84; Citron street school, Anaheim, 84.

According to Miss Bemus, the Garden Grove schools will raise money to be forwarded to the Japanese kiddies.

### Aid Society

### Shiloh Circle

Thursday afternoon at 2 o'clock, the Shiloh Circle, Ladies of the G. A. R. will meet in regular session at G. A. R. hall.

## Society

### Silver Wedding Day Pleasantly Observed

On November 16, friends and neighbors gathered at the A. J. Jemison home, 711 West Fifth street, to aid Mr. and Mrs. Jemison in celebrating their silver wedding anniversary with a happy surprise.

Honoring Mr. Jemison's birthday which occurred on the same date, Mrs. Jemison had planned a surprise dinner, inviting Judge and Mrs. Maryatt, Mr. and Mrs. G. W. Spencer, Mrs. Bertha Jemison of Los Angeles, Mr. and Mrs. Earl Shields and son, Deane, and Miss Mary Ellen Robran.

The second surprise was on both host and hostess when later in the evening, friendly neighbors arrived to spend the evening. Beautiful gifts in silver as well as countless attractive cards and booklets were showered on the happy couple and the evening of merry conversation was followed by the serving of wedding cake and coffee to the twenty-five guests—one for each year of wedded life.

In addition to the dinner guests, friends gathered for the second surprise event included Mr. and Mrs. C. W. McNaught, Mr. and Mrs. L. Lane, Mr. and Mrs. John J. Harrison, Mr. and Mrs. George M. Wright, Mr. and Mrs. B. G. Metz and daughter Helen, Mr. and Mrs. E. W. Fields and Mrs. Anna M. Scott.

### Camp Fire Girls

A ceremonial of the Toheha group of Camp Fire girls was enjoyed at the home of Miss Anna Trythall last Friday evening, when Elizabeth Beall and Dorothy Clarkson took the rank of Wood Gatherers and honors were won by Frances Knudson, Elizabeth Beall and Bernice Finuff.

Six new girls were taken into Camp Fire circle; they were Ruth Lawrence, Hazel Smith, Frances Barr, Helen Glaney, Clara Truman and Agnes Stewart. Others present were Gladys Finuff, Gertrude Smith, Gladys Smith, Mary Dunstan and Marjorie Blair. Bessie Adams from Des Moines, Iowa was a guest of the group.

After the ceremonial an hour was spent working on scrap books for the children's ward of the Community hospital and in music and conversation.

### Domestic Arts Club

An interesting session of the recently established Domestic Arts club was held yesterday afternoon at the home of Mrs. Herman Goodwin, 518 West Chestnut street, when the members devoted the afternoon to embroidery, clay modeling and the ornamentation of candlesticks.

Mrs. Goodwin used an effective arrangement of yellow and deep bronze chrysanthemums in her spacious living room while the dining-room glowed with baskets of scarlet zinnias.

At the tea hour she was assisted in serving by her two young daughters, the Misses Ruth and Emma Goodwin. The club membership is composed of Mesdames R. H. Chapin, president, Edward Hummel, R. R. Miller, Charles Hosea, Charles L. Johnson, Clayton Skirvin, W. B. Williams, A. V. Napier, A. W. Gerard and yesterday's hostess, Mrs. Herman Goodwin.

### Piano Recital

Invitations have been received in this city, to the recital which Claramae Wilson-Stamm is presenting at the Ebell clubhouse in Los Angeles, Friday night, November 23.

Mrs. Stamm's program will feature th work of th modernists and will include a Debussy suite and three composition of Rebikov in addition to many other delightful numbers. As Miss Claramae Wilson, she was one of this city's most brilliant pianists and many friends are planning to attend her recital.

### Neighbors of Woodcraft

The Neighbors of Woodcraft bazaar last evening proved a success, both socially and financially. Those who missed the fine coffee and doughnuts, 500 of which were fried by Mrs. A. A. Schlasman, missed a treat. After all had eaten to their capacity, five dollars worth were sold. The pleasing program included a violin solo by Georgie Belle Walton, piano solo, by Marjorie Walton, recitation, Miss Alma Mitchell; song, Beryl Ludlow; recitation, Mrs. Cora Hendrickson; piano solo, Mrs. Lloyd Tucker. A camp store, fish pond, candy booth, and fancy work and aprons proved attractive and netted \$36. The luncheon cloth was awarded to Mrs. Mary Kaneen and the quilt went to Mrs. Al Sanford.

### Missionary Society

Honoring the new members of the First Methodist Episcopal church will be a pleasantly informal reception tomorrow afternoon at 2:30 o'clock at the parsonage home of the Rev. Will A. Betts on Spurgeon street.

Mrs. Betts and her mother, Mrs. Robinson will be in the receiving line and the affair will have as co-hostesses, the Woman's Foreign Missionary society members. The brief business session will open with devotionals led by Mrs. John Clarkson, and Mrs. George Parker (Dorothy Meade) will sing.

The program committee were elated to their success in securing Mrs. W. C. Baker to present the review of the text book, "Creative Forces in Japan the opening chapters of which will be featured tomorrow. Those hearing Mrs. Baker give the September review will welcome the news that she will continue those reviews throughout the year.

Mrs. Branderberry will lead in giving current events on Japan and to add to the interest will be reports of the branch quarterly meeting last week at Garden Grove.

It is hoped that all members of the congregation will be present to greet the newcomers, and enjoy the program.

### Pleasant House-Guests

At the hospitable home of Mr. and Mrs. Ralph Mosher, 1423 Spurgeon street, a succession of house guests has lent a most festive atmosphere for the past week or so. Just completing a visit of a week were Mrs. Mollie Mosher and her daughter, Mrs. James O'Keefe of San Diego, mother and sister of the host. Miss Mollie Mosher, attractive sub-deb daughter of the home is the namesake of her paternal grandmother.

Just at the end of last week, Miss Margaret Cobey, sister of Mrs. Ralph Mosher, arrived from San Antonio, Texas, accompanied by the Misses Katherine Shyer and Katherine Erbin. The trio of guests will remain for an indefinite length of time.

### HOW TO REDUCE VARICOSE VEINS

Rub Gently and Upward Toward the Heart as Blood in Veins Flows That Way.

Many people have become despondent because they have been led to believe that there is no remedy that will reduce swollen veins and bunches.

If you will get a two-ounce original bottle of Moore's Emerald Oil (full strength) at any first class drug store and apply it night and morning as directed you will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

Moore's Emerald Oil is extensively used in hospitals and in factories as first aid to the injured. It is a harmless, yet most powerful germicide and two ounces last a very long time.

Indeed, so powerful is Emerald Oil that soft bunches, goitre, swollen glands and wens are reduced. It is one of the wonderful discoveries of recent years and anyone who is disappointed with its use can have their money refunded. Your druggist can supply you.—Adv.

### Pleasant Innovation At Bridge Luncheon Pleases Guests

Dr. Mary E. Wright was the genial hostess on Saturday to a bevy of her friends at a delightful little bridge luncheon at her home, 408 West Walnut street.

An autumn and Thanksgiving motif combined to make the scene attractive, autumn leaves in jars and luscious, bright-colored fruits in baskets being greatly admired by the guests. The luncheon table was centered with a large basket filled with fruit and garlanded with autumn leaves and red berries. An individual candy box was placed at each cover.

Dr. Wright certainly touched the hearts of her guests when, after awarding the prize for first honors to Mrs. Alice Harris and second to Mrs. Fred Chapman, she presented each of the other bridge players with pretty little remembrances for consolation.

Guests for the afternoon included Mesdames Robert G. Tutthill, Argus J. Crookshank, Sherman Stevens, of Tustin, Alice Harris, George Chapman, Fred Chapman, Ray Chandler, J. L. Allen, Arthur Shauer, R. R. Shafer, Lloyd Chenoweth and Dr. Mabel Vance Tremaine.

### Inn Art Gallery Offers New Pictures

The group of beautiful new paintings placed in St. Ann's Inn where a change being made every six months by the Laguna Beach Art association for the pleasure of those who appreciate the best in art, is attracting much attention. Some of the pictures are hung in the spacious lobby and others in the dining rooms.

Art lovers will be delighted with several from the brushes of W. A. Griffith, who presents "Poppies in San Fernando Valley," "Cholla," "Spring at Banning," and "Sycamore at Capistrano." Julia Raymond has "Old Time Home and Garden," R. Clarkon Coleman gives "Westward," and "Lure of the Sea," F. W. Cuprien has "Evening Light."

Anna A. Hills presents "Wind-blown Monterey," "Autumn Days," "Spring on the Desert," and "The Roadside, El Toro." Edgar Payne's is called "Silvery Waves." Conway Griffith hangs "Andreas Canyon" and "Sapphire Sea." Robert Fullerton gives "Sunny Hillside," and Alice Fullerton has "Autumn."

### Every Girl's Club

Every Girl's club of the Julia C. Lathrop Junior high school met in the assembly hall on a recent afternoon, opening with singing led by Miss Edith Cornell.

During the business meeting Miss Hazel Bemis gave a talk on the Japanese fund for which the girls are collecting money, and it was decided that boxes would be made and filled to send to Japan for New Year's.

The program was in charge of Miss Bennett. The first number was a short health play entitled, "A Dream," written by Virginia Viau. The characters were, Justina Palmer, a spoiled child; Marian Bruner, her mother; Esther Lorcher, Coffee; Eleanor Turner, Tea; Virginia Viau, Vegetables; Roma Mayes, Yeast; Helen O'Brien, Milk; Gail Baldwin, Bread.

Following his play Miss Mildred Marchant gave two delightful whistling solos. The program was closed by another play entitled, "The Diary of My Stomach," in which girls of the school cleverly took part, expressing in a personality, Cecilia Mudge, the stomach of a school girl, with a superfluity of peanuts, ice cream, ice water, etc.

The characters were Elizabeth Rodriguez, the school girl; Cecilia Mudge, the stomach; Alice Morris, the school girl's mother; Mary Camp, the doctor.

### Bridge Luncheon Is Opening Event of Pleasant Series

With the social season in full swing, one of the city's most popular hostesses, Mrs. George Briggs, has instituted a series of smart affairs at her North Broadway home.

Yesterday Mrs. Briggs entertained a score of friends at a charmingly appointed luncheon, floral decorations of the entire home and of the five luncheon tables, being uniquely beautiful flowers of the season.

She was assisted in greeting her guests by her daughter, Mrs. Howard Timmons, and tiny Betty Jane Timmons, adorable little blonde granddaughter of the home, was quite the center of attraction.

Following the appetizing luncheon, bridge was introduced and the close of the afternoon saw the awarding of attractive gifts to Mrs. W. A. Flood, Mrs. Earl Morrow and Mrs. J. P. Baumgartner.

The next in the series which Mrs. Briggs is presenting will be an afternoon of bridge Thursday.

### Parent-Teachers

Unique in entertainment affairs sponsored by P. T. A.'s of the city was the party presented recently by the small kindergarten at Lincoln school to a guest group of nearly 200 interested parents and friends.

Under the direction of Miss Ellen Gilchrist, Lincoln kindergarten the children in preparation for the event, had made the invitations and programs, the latter with "What we are going to do for our mothers" lettered neatly across the top.

The things they did were many and varied, opening with the kindergarten band in carefully fashioned costumes with Richard Daley as director.

Little Marguerite Blakeney and Master Stanley Johnson entered as emblem bearers while marching behind them came Junior Ashton and Evelyn Witt followed by the ten members of the band.

Little Billy Rudd told the "Finger story" and "Epaminondas" was dramatized in a spontaneously delivered manner by Jack Green as "Epaminondas." Betty Craig as his "Mammy" and Hazel Wehle as his "Auntie." The costumes and stage props had all been made by the little people and were clever and original.

"A Brownie tells a story" was most clever as Leola Schroeder assisted by Pauline Hatfield literally danced the story written for the occasion by little Billie Rudd.

Three song plays were given: "The Doll's Lullaby" by Helen Lowe; "The Kitten and the Bow-wow" by Dorothy Franke and Jane King as kittens and Dwan Tooker and Jack Decker as "bow-wows," with "Swinging in a Swing" with Regina Quintana, Billy Lowe and Barbara Warner forming one swing and Joseph White, Raymond Wiedman and Dorothy Maddox the second.

J. A. Cranston, city superintendent of schools, spoke briefly and Master Leonard Tanner of Annaheim thrilled his hearers with his power of oratory when he spoke on "The Star-Spangled Banner."

Mildred Cauley and Patricia Murphy gave a delightful way of "seeing pictures," Mildred seeing—and causing her audience to see—a goose and Patricia, a cat. A Dutch lullaby sung by Marie Murtich with all the children whirling rhythmically as windmills brought the happy afternoon to an end, or as the program announced, "Ends what we've done for our mothers."

Rebecca Potts and Arel Smith were tiny ushers for the afternoon and after the program the assembled mothers were given paper plates decorated with turkey cut-outs and then served with cookies in turkey form.

The Lincoln school now boasts 205 paid-up members all of whom are deeply interested in the purchase of a second piano for the school.

**JULIA LATHROP.**  
Tonight at Spurgeon school, all members and friends of the Julia C. Lathrop P. T. A. are anticipating a delightful evening honoring fathers and sons.

Relieved of the actual duties of the evening, the mothers are planning to sit back in comfort and enjoy the affair which will offer the happy address of the Y. M. C. A. Ralph Smedley of the Y. M. C. A. in the principal address of the evening, T. P. McKee and a group of boys in special stunts and Y. boys.

Clarence Prior in a vocal group. The events of the program were arranged by the standing program committee appointed by the president, Mrs. N. Beisel. The members are Mesdames Roy Lindsay, chairman, Cood Adams and Marshall Keeler.

Everybody is cordially invited to attend the session, especially the ladies who are expected to be accompanied by their best chums—their fathers.

### Sedgwick Social Club

Friday, November 23, members of the Sedgwick Social club will meet at G. A. R. hall for an all-day session featuring a pot-luck dinner at noon and a pleasant program in the afternoon.

### Woman's Glee Club

The Woman's Glee club of Santa Ana will meet Wednesday, November 21, in the K. C. hall on account of the bazaar being given there on that night by the Altar Society of St. Joseph's church. Instead, the meeting will be held on the following Saturday, November 24, at 7:30 p. m. Everybody is asked to be at this meeting.

### Shrine Charity Ball Promises Evening Of Rare Pleasure

As Thursday night, November 22 draws near, members of the Orange County Shrine club and of the social set of the different localities throughout the county are in a flutter of expectancy and anticipation of the third annual Charity ball which the county shriners are presenting at St. Ann's Inn.

With two tremendous successes to their credit, the wearers of the scarlet fez are hopeful of making this third event a matter of history in point of delightful features. And Santa Claus himself will be present to aid in dispensing pleasure as he has been in the past.

The still unopened tickets which may appeal to Santa Claus (R. L. Bisby) and after a brief display of legendariness as involved in a small matter of a dollar bill or so, obtain the magic cardboard that will open the way to an enjoyment of the festivities.

D. Eymann Huff, president of the Shrine club, with Mrs. Huff and Mrs. Bisby will head the reception committee that evening and Mr. and Mrs. Huff will lead the grand march with which the festivities will open. Several dignitaries from Al Malaikah Temple, Los Angeles, are expected to be present including Leo Youngworth, also a national officer, bearing the title of the illustrious Imperial Second Ceremonial Master of the Shrine of North America. Mrs. Youngworth will accompany her husband, as one Shriner declared it was necessary to have aid in carrying such titles around.

There is a possibility that Potentate Louis M. Cole of Al Malaikah temple will also be present with other distinguished guests will be Mr. and Mrs. Henry Akin of this city. Mr. Akin is a past imperial potentate.

While earlier announcements of the ball were to the effect that it would be strictly formal, officials decided upon second consideration, to accord with custom of previous balls and make it optional with the men attending whether they should don full dress or not. It is an unwritten law that shriners must wear fezzes and preferably, evening clothes.

Music for Thursday night's affair will be furnished by the Chapman orchestra, thus insuring wonderful dance program. It is expected that there will be quite a stag line present and cutting-in will be a feature of many of the dances.

Following close on the heels of the local festivity will be the annual Charity ball of the Al Malaikah temple to be held at the Ambassador hotel Wednesday night, November 28. Mr. and Mrs. D. Eymann Huff have been accorded the honor of being named as members of the reception committee of which Noble Robert Wankowski is chairman. In addition to Mr. and Mrs. Huff a number of Orange county nobles are planning to attend the function.

### Gay Little Party Has Surprise Features Even For Hostess

Charming in all details was the post-nuptial party extended to Mrs. F. C. Hansen of Los Angeles, formerly Miss Mary Nier of this city, Mrs. William S. Kellogg (Iva Lou Webber) when all members of Washington school teaching force of three years ago, were called together for a delightful evening in the Kellogg home, 414 West Chestnut street.

Bowls of pink roses were used with decorative effect and as the guests reminisced of teaching days together, they stiched on dainty tea towels drawn in various colored wrappings from a grab-bag. Despite the fact that two members of the party, Mr. Kellogg the host and Mr. Hansen, husband of the honoree, were supposed to spend the evening in that mysterious spot vaguely referred to as "up-town," they remained to offer suggestions about the stichery of the guests and when the midnight supper was served, insisted upon assuming butler duties, and arrayed in truly remarkable livery, served the delectable shrimp salad, wafers, ices, cakes and mints with much skill.

The table where guests were seated, presented a delightful little wedding party, the bridal pair and their attendants, including down an aisle formed of crystal bud vases bearing Cecil Brunner buds. Place cards and favors all carried the bridal motif.

The surprise feature of the evening for Mrs. Hansen proved a surprise for the hostess as well when a worldly attired individual in gray trousers, dinner coat and bow tie rang the doorbell and presented a package for the honoree. Mr. Kellogg had entered with zest and his own ideas into Mrs. Kellogg's plan to present the silver-tee service, (gift of the assembled guests), and the unwrapping of the lovely silver was accompanied by a rapid fire of questions from the glorified messenger boy.

The service included the tea pot, sugar and cream set and a handsome tray. Mr. and Mrs. Hansen have been established for some weeks in their pretty home in Los Angeles where Mr. Hansen is a member of a contracting and building firm.

Gathered to honor their recent wedding were Mr. and Mrs. Kellogg, the Misses Vancie Plumb, Lana Brokaw, Maggie Mae Moore, Nellie Vance Wilson, Lillian Fitz, Mrs. Somerville Thomson and Mrs. Iva M. Webber. The only absent member of the little band of teachers so closely associated at Washington school, was Miss Mabel Latta now of Los Angeles, who was unable to be present.

### New Mexico Nuptials Interest Friends In This City

A wedding in Silver City, New Mexico on Saturday, November 3 which will be of great local interest, was that of Mrs. Margaret Fay, for several years a resident of Santa Ana and Ira L. Wright, prominent mining engineer of Silver City.

The wedding took place at the rectory of the Church of the Good Shepherd with the Rev. Thomas Allen of McClay street and formed an early morning affair, staged at the hour of 7 o'clock.

Mrs. Fay, daughter of Mrs. Margaret Sheridan, of Silver City and the late Joseph E. Sheridan, pioneer mining man of New Mexico and also state mining inspector, is the niece of Miss Margaret Allen of McClay street and formed many warm friendships during her residence in this city. Since rejoining her mother in Silver City, she has been teaching in the schools of that city.

Her engagement to Mr. Wright, announced several weeks ago, had offered incentive for many charming nuptial courtesies and the wedding had been anticipated as one of the leading social events of the winter until the young people stole a march on their friends and were away on a motor honeymoon to the Grand Canyon ere the news was made public.

Mr. Wright is one of the best known mining engineers of the southwest and is general manager and in charge of the operations of the Black Hawk Consolidated Mines company of New Mexico.

## Get health—Keep health—Feel fine by eating Kellogg's Bran regularly!

Constipation and the toxic poisonings that come from it not only take the enthusiasm out of life, making you depressed and physically and mentally dull—but they head you into the most dreaded of human diseases. You can actually rid yourself of these dangers if you will EAT KELLOGG'S BRAN REGULARLY—at least two tablespoonfuls daily; in chronic cases with every meal!

Kellogg's Bran is nature's most wonderful food. It is scientifically prepared to relieve suffering humanity from constipation and it will do that as no other food can! Don't take a chance of "getting away" with constipation—IT WILL GET YOU! Don't ruin your health with pills and cathartics—they are as dangerous as constipation itself and give but temporary relief, at the very best!

What you should do for your family and for yourself is to serve Kellogg's Bran every day, in any one of several attractive ways, and fight constipation as you have never fought it before! AND YOU WILL WIN, because Kellogg's is ALL BRAN!

In the first place, Kellogg's Bran is delicious in its nut-like flavor, adding greatly to any cereal with which it is used. Eat bran as a cereal with hot milk, or mix it with hot cereal before serving. Another method is to cook Kellogg's Bran with cereal. In each case add two tablespoonfuls of bran for each person. A popular way is to sprinkle bran on hot or cold cereal. Bran makes wonderful bakery products. Recipes on every package.

Kellogg's Bran is served in leading hotels, restaurants and clubs. It is sold by all grocers.

## OPENING OF 'Y' TO PUBLIC ON JAN. 2, HOPE

"We expect to have the new Y. M. C. A. building ready for inspection by January 2," said Ralph C. Smedley, secretary of the local organization, today. "We will open the building without furniture January 2, if our plans materialize and keep it open for two or three days. About the middle of January we expect to have all the furniture and fixtures installed and at that time hold a series of receptions for the public."

"No definite plan for this housewarming or series of receptions has been worked out. No doubt there will be the usual series of three or four receptions to the public followed by dedicatory exercises, to be held on Sunday."

"Work on the building is showing excellent progress and we expect to have it completed, with the exception of the tile work, by the middle of December. The tile work will require a little more time. The plasterers expect to be through in the building by the end of the week."

"The furniture for the building has been ordered and delivery has been promised for about January 15. If this delivery is made as promised, there is no doubt that the building will be thrown open for the use of members before the end of that month."

"We are opening the building for inspection before the installation of the furnishings so that every citizen of Santa Ana will have an opportunity to go over the building from basement to cellar and see that the Y. M. C. A. is offering the members a headquarters second to none in Southern California."

"The entire building is absolutely fire-proof and modern in every respect. Nothing has been left undone that will add to the comfort and accommodation to be offered the members. The building itself, has been designed to stand as a monument to the progress of Santa Ana and Orange county and a milestone in the civic development of this community."

**Y. M. C. A. OFFICERS TO MEET HERE IN FEBRUARY.**

The next quarterly conference of the employed officers of the Y. M. C. A. in Southern California will be held in Santa Ana sometime in February, Ralph C. Smedley, secretary of the Santa Ana branch, announced today. This decision was reached yesterday at the conference held in Santa Monica. Howard Holmes, general Y. M. C. A. secretary for San Diego, is president and Smedley is secretary of the Southland organization.

Delegates from Santa Ana who attended the meeting at San Diego yesterday were G. S. Chessum, Orange county secretary; C. E. Morrow, secretary at Orange; Warren Ashby, secretary at Anaheim, and T. P. McKee and Smedley from Santa Ana.

## Hunt for Tot Leads Police to Dope Den

LOS ANGELES, Nov. 20.—When Robert C. Woods Jr., aged 9, failed to come to school for three days, two detectives went to his home to check on his truancy and unearthed a dope ring which netted eight persons, four men and four women, the police reported.

The child's parents were among those arrested. Officers said they discovered a large supply of narcotics in possession of the eight prisoners.

JAMES A. McDILL  
Cut Courtesy Long Beach Press

James A. McDill, newly appointed boys' work secretary for the Santa Ana Y. M. C. A., will be the guest of honor at a meeting of the members of that organization scheduled for tomorrow night at Ketter's cafe here. McDill will take charge of the boys' department in this city when the new Y. M. C. A. building is completed and opened for the use of the members.

Ralph C. Smedley, secretary of the Santa Ana organization, said this morning. "We feel unusually fortunate in having secured the services of McDill. For past four years he has had charge of the boys' department in Long Beach where he made an enviable reputation. He is a graduate of Oberlin university and the Chicago Y. M. C. A. training school. During the war he served overseas with the Y. M. C. A."

## RUMOR AUTO RACER, FILM STAR TO WED

LOS ANGELES, Nov. 20.—Another rumored successful foray by the Love God was in the air here today with friends of Ruth Roland, film serial queen, and Cliff Durant, millionaire sportsman and automobile racer, seeking confirmation of the report they are to wed next month.

The observers base their conclusions on the facts that:

The two are seen together often, dining and dancing in local cafes. Miss Roland has "Christianized" Durant's speedster, which he will drive in the Thanksgiving races here.

She has engaged a box for the event, right down front near his pit.

Neither will affirm or deny the rumor, Miss Roland laughing off her questioners, and Durant declaring that, "Ruth ought to know."

Durant's former wife is now Mrs. Eddie Rickenbacker, wife of the war aviation ace, while Miss Roland has also been married.

## SLEUTHS JOIN HUNT FOR \$10,000 GEMS

(By United Press Leased Wire)  
LOS ANGELES, Nov. 20.—Julius Howard, New York jeweler, who stirred the city last April when he announced he had some of the Russian crown jewels, formerly the property of the Romanoff family, has engaged P. W. Mohan, head of a detective agency here, to help locate \$100,000 worth of jewels stolen from him and his clerk on the streets of New York two months ago.

When Howard brought the supposed royal jewels to this country, he stirred the interest of the government to the extent that William Williams, special agent of the treasury department, was sent here to check on the gems in the belief they had been smuggled into America.

Howard told Williams it was just a story and that he thought he could get more out of the jewels by framing the yarn. The government dropped the investigation.

While here Howard sold Jack Coogan sr., a 17-carat diamond for \$50,000.

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." They "clear" clouded brain and "perk up" the spirit. 15c and 30c.

## NAME L. A. MAN ON PORT BODY FOR COUNTY

Major Charles T. Leeds of Los Angeles was appointed to be the third member of the lobbying committee to go to Washington in behalf of Orange county harbor, by the Newport Beach city board of trustees last night, it was learned here today. Harry Welch, secretary of the Orange County Harbor Chamber of Commerce, who was named alternate, may be sent to the capital by private funds.

Frances Cuttle of Riverside and C. C. Chapman of Fullerton are the other members of the committee. day in a search for Margaret Cuttle is chairman. Major Leeds is also the head of the Los Angeles committee which will seek further funds for the development of the harbor there.

At an informal conference the members of the committee decided that a great effort should be made to grant the request of the army engineers for a meeting December 5 in Washington. It is the present plan to combine the hearings on Los Angeles and Orange county harbors, it was learned.

## FEAR GIRLS TAKEN BY WHITE SLAVERS

LOS ANGELES, Nov. 20.—Two local detectives were securing the underworld dives in Tia Juana today in a search for Margaret Cuttle, 15, and Charlotte Epston, 15, following the report of I. C. Leech, wealthy and retired tuckman, in which he stated he believed the two girls had been kidnapped by a Mexican white slave ring.

Leech said a mysterious "Mrs. Reed," had approached his daughter and the Epston girl several times near their fashionable Wilshire district homes. She asked the girls if they didn't want to take a trip to Mexico.

Both Margaret and Charlotte attended a community motion picture theatre Saturday night and that was the last seen of either, their parents reported.

# COUNCIL LETS \$162,000 PAVING

## COUNCIL VOTES CITY NURSE AS WOMEN ASK

Women of Santa Ana who circulated petitions to the city council asking appointment of a city nurse today had won their point. The city council last night authorized appointment of a nurse in the immediate future, with the city paying the cost up to \$150 per month, this amount to include the cost of transportation.

Mrs. John Clarkson presented the petition to the council, and favorable action was taken without discussion. Mrs. Clarkson pointed briefly to conditions in the city that warrant employment of a nurse. A committee of women accompanied her to the council chambers.

**Council Joins Woman.**

Mrs. W. M. Cubley, 509 South Broadway, appeared before the council, requesting adjustment of a bill for sewer work she had done, according to her claim, at the instance of a city official. Investigation by the council indicated that no city official ever had instructed her to have the work done. She was advised that in view of the fact that no evidence had been produced showing the authorization, the city was not responsible for the bill contracted.

Only owners of property abutting on the street will be charged with the cost of paving and sewer work. South Flower street, Fairview to Edinger, it was revealed by the council to a large number of property owners in a district created for the purpose of paving and sewerage of the street, with extra strength paving and curb being put in to serve as storm water drain.

**Complain of Walks.**

The district covers that portion of the city from which water will be drained and the property off the street will be assessed only to pay for the storm drain portion of the work. In explaining the situation to T. W. Simpson, who spoke for the large delegation of property owners in the district, members of the council stated that at most the assessment against property off the street probably would not exceed \$1.50 per fifty-foot lot.

A complaint on sidewalk conditions on the southwest corner of West Fourth street and Pacific avenue was referred to the city engineer and city attorney to prepare proceedings necessary to eliminate the condition. It developed that sidewalks have not been put in.

**Horse Clipping Told.**

A check for \$507.20 was received from the Pacific Electric company as a tax on one of its franchises in the city.

The sanitary inspector was instructed to investigate a condition at Second and Garfield streets, complaint being made that a horse-clipping business is being operated on the corner.

Request by the Holiness church for permission to locate a tent for revivals at the corner of Garney and Eighth streets was denied, on recommendation of a committee of the council.

Presentation by the railroad commission of a bill for \$2965.63 for work incident to the opening of Normandy and Wisteria streets and Beverly Place across the tracks of the Huntington Beach line of the Pacific Electric company, resulted in action by the council that in future will prevent such bills becoming a charge against the city. Hereafter those requesting opening of streets across railroad tracks will have to guarantee payment of costs.

**May Condemn Building.**

On recommendation of John Luxembourger, fire chief, the council directed the city attorney to take steps necessary to condemn the old Blade building at 411 West Fourth street.

A resolution of intention to pave Spurgeon street north from Seventeenth to Twentieth streets, and resolution adopting plans and specifications for paving Fairview avenue from Flower to Bristol, both were adopted.

With a protest filed bearing the signatures of owners of more than 50 per cent of the property in the district, further proceeding in the opening of Sycamore street, from Washington avenue north to Fifteenth street, was halted.

The street department was instructed to remove eight walnut trees on the west side of South Broadway, opposite the new junior high school.

A request of T. W. Chantry for permission to locate an oil station on the northwest corner of Grand and Washington avenues was referred to a committee.

The city engineer and city attorney was instructed to prepare proceedings for extending the sewer on Pointsettia, from Washington avenue to Twentieth street. C. S. Cole, who contemplates erection of new residence on Pointsettia requested the action.

## Ask Plans Looking To Improvement In Park Equipment

The city park commission today had permission of the city council to present plans suggesting alterations and improvements in house equipment at Birch park, following discussion last night of conditions asserted to be obtaining at the park.

By its action, however, the council does not obligate itself to carry out suggested improvements.

George Wells, a member of the commission, was asked by the council for information on conditions. He said that the city should spend \$10,000 in improvements—and at once.

Mayor John W. Tubbs recounted conditions at the comfort station that necessitated locking the doors on one occasion.

## GIVE FIRM TWO MONTHS MORE ON SEWER

DeWard and Cobham, contractors on the ocean end of the joint outfall sewer, today had assurance of the councils of the cities co-operating in the sewer installation, that if by December 2 they had equipment on the ground that would insure early completion of the job, they would be given a sixty day extension in which to complete the contract.

The contractors were called before the joint bodies at a meeting here last night to discuss the situation with reference to delay in completion of the work, December 2 marking expiration of a sixty-day extension already granted.

Admitting that the contracting company had not been properly equipped, and reciting some of the circumstances that have retarded progress of the work, DeWard said if an extension were granted the company not only would provide the proper equipment, but also would reorganize its working crew and guarantee completion of the job within sixty days following December 2, indicating possible completion of the job by February 2, 1924.

At the same time, DeWard said permission would be given to use the main outfall at any time, without the joint councils being obligated to accept the work until it was finished.

The firm took the contract at \$43,730. DeWard said it already had expended \$48,000, but would complete the job, if given the extension, regardless of the amount of money it might lose.

## GOOD RESPONSE TO RED CROSS DRIVE SEEN

HUNTINGTON BEACH, Nov. 20.—With their goal set at 500 members local Red Cross workers and members of the organization were today continuing the big drive here. Over one-fourth of the members set as the goal were registered Saturday, the first day of the drive.

According to announcement made by Secretary J. A. Armitage of the local chamber of commerce there is at the present time a total of \$219 credited to the drive. This is said to represent the amount given by about 125 members.

**Japanese Are Loyal.**

A Japanese colony came to the front in the drive, Mr. Armitage said when they subscribed 100 per cent. Fifty-three of the colony are members.

According to statements made by Mr. Armitage the people from the Wintersburg settlement did not have to be encouraged in the good work but came to his office several days ago when they first heard of the drive and asked that they might help.

The drive will be continued all week. Five different teams are in the field working. The post here will be allowed to keep all over fifty cents of each membership fee from the local welfare work.

**Home Committee of 25.**

A general committee of twenty-five is being appointed. Each of the clubs will have a representative on the committee which will investigate all matters which are brought to their attention and determine whether they are worthy or not. Members will also belong to this committee from the different churches and organizations.

Cases of distress will be reported to the secretary of the Red Cross, J. A. Armitage, at the chamber of commerce building, who will notify the general committee.

Captains of the teams now in the field are M. G. Jones of the high school, Principal Clark H. Reid of the grammar school, R. J. Prescott of the Elora club and other civic clubs, J. I. Hinkle, and J. A. Armitage. Mr. Armitage was appointed to work the business district of the town. Girls were stationed over town Saturday and received many of the subscriptions.

Mrs. George F. King has been doing some fine work in connection with the local chapter. Mrs. Lois C. Robb, president of the local chapter, is also doing fine work in managing the entire drive.

The basis for the goal set was taken by a census of the town, which was said to be about 5000 people.

## WILSHIRE SQUARE, WEST FIFTH WORK IS AWARDED

Wells and Bressler, local paving contracting firm, today held the contract for paving West Fifth street, and streets in Wilshire Square, following award of the work last night by the city council, on their combined bid of \$162,572.40.

The bid on the West Fifth street work was \$56,181.90, and on the Wilshire Square job it was \$106,572.50.

On West Fifth street, the pavement is to be seven inches, full width of the street, from Baker west to Artesia, the bidding price on this being 27 cents per square foot. From Artesia west to the city limits six-inch pavement, twenty feet wide, is to be installed at a cost of 24 cents per square foot.

Other prices are as follows: Curb, 50c a lineal foot; eight-inch sewer, \$1.10 a lineal foot; six-inch sewer, 80c per lineal foot; four-inch sewer, 55c per lineal foot; culvert, \$600; manhole, \$100; lamp hole, \$15.

Streets in Wilshire Square will be built of five-inch concrete at 19.6c per square foot. Other installations will cost 50c for curb, 75c for six-inch sewer, 50c for four-inch sewer, \$90 for manhole and \$120 for flush tank.

In discussing the advisability of awarding the latter contract at this time, it was brought out that the city will have to invest \$4300 in providing a water outlet for the lots in the tract, with only fourteen houses to be served at the present. It was pointed out that a large portion of this investment may lie idle for a long time, pending the erection of a house on each lot.

## Former Residents, Now In Kansas, Would Sell Farm and Return Here

The lure of Santa Ana is irresistible!

Writing from Ottawa, Kans., Mr. and Mrs. M. F. Smith, who formerly lived at 601 South Birch street, this city, declared that they hope to be able to dispose of their land there soon and return to Santa Ana to make their home.

"We are sending a check for our subscription to your paper, with which we cannot very well get along without," the wrote to the editor of The Register.

"We made many friends while we lived in Santa Ana, and hated very much the necessity of returning here to attend to our farm. But we are still boosters for Orange county and especially for Santa Ana. We surely enjoyed ourselves while there, as the good people of Santa Ana seem to try to make strangers feel at home."

## HER WEAKNESS DRAWS WRATH, SHE CLAIMS

Mrs. Anna Kearns of Anaheim, who alleged that she was forced to leave her husband, J. D. Kearns, because of his asserted cruelties, today sought relief in the divorce court, her complaint being on file in the superior court here through Attorney Leonard Evans, Anaheim.

Mrs. Kearns also seeks a division of community property valued at \$16,400 and consisting of property at Brea, Lakeview and Bakersfield, beside a \$11,000 note.

Money matters figured prominently in the marital difficulties of the Kearns, the wife declared, in charging her husband with stinginess.

He refused to move away from Kern county to benefit her health, she alleged.

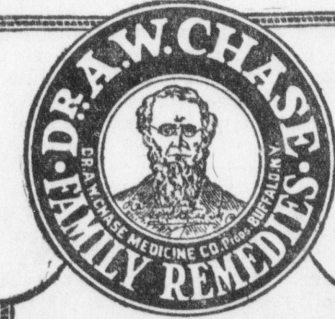

When he broke a leg, she cared for him until worn out, and then he reproached her for her weakness and, she alleged, said: "I ought to poke this crutch down your throat."

While waiting for the court's decision on the divorce and her demand for half of the property, Mrs. Kearns asked for \$75 per month temporary alimony and \$250 attorney fees.

Mr. and Mrs. Kearns were married in Anaheim May 7, 1903, and separated September 2, 1921. They have two daughters, aged 19 and 17.

## BEACH FOLK AT POLLS TODAY IN HOT PIPE LINE ROW

Effect on Future Harbor By Unfavorable Vote Draws Big Interest

### ISSUE NOT CLOUDED

Port Development As Cruc Vehemently Denied By Pier Lease Folk

A referendum election was in progress today at Newport Beach which has interested all Southern California and there is a prospect that no matter how the vote goes, the outcome may be challenged and carried to the courts.

The election resulted from petitions filed by the Taxpayers League of Newport Beach, headed by W. H. Burnham Jr., after the Newport Beach city trustees had passed an ordinance granting to the Thomas W. Simmons company of San Francisco the right to use the city pier in loading tankers and the Newport streets for the introduction of a pipeline with which to bring in the crude product from the Huntington Beach oil field.

The main argument against the pier and pipeline ordinance, according to Burnham, is that the loading of the tankers will bring about an oil-drenched beach and spoil Newport and Balboa for pleasure purposes, especially fishing and swimming.

**Counter In Oil Issue**  
The city trustees and their supporters maintain that the oil menace on Southern California shores is not caused by the tanker loading. They point out, to support their position, that in order to secure government recognition of the harbor as a commercial port, commerce must begin to flow through it. Oil transit, they argue, is commerce and will lead to government financial assistance.

The Taxpayers' League claims that the county harbor can be developed by other commerce than oil and that it would be better to let the port lie dormant commercially than to pollute the sands and water with a thick coating of crude oil, which they would lay to the tanker loading.

One of the arguments of the propipeline folk is that the rejection of the permit later will cause the rejection of the \$1,000,000 bond issue, which it is planned to ask for the further development of the harbor, the construction of docks and warehouses.

## California and Nevada Kiwanis Clubs Enlist In Big Battle of Water and Soil Conservation

Ex-Governor Pardee Plays What He Terms False Economy

The axe and fire already have laid waste thousands of acres of forests in the state, and the hazard, ever-growing, threatens the very foundation of California's prosperity, according to George C. Pardee, former Governor of California. It is significant that this year the Richardson "economy" program being inaugurated—the fire loss in the state's forest area was enormous, inestimable damage resulting to the watersheds, Dr. Pardee declared, in an address before the convention of Kiwanis Clubs of California and Nevada, at Fresno, last Saturday.

**State "Saving" Explained**  
The state appropriated last year, under Governor Stephens, \$37,500 for the prevention and suppression of fires on California watersheds. Governor Richardson this year cut the appropriation to \$20,250—effecting a so-called saving of \$17,250.

What that saving has meant to the state, Dr. Pardee explained in his address in part as follows: "California's permanent prosperity depends, fundamentally and vitally upon the conservation of her water resources—irrigation, hydro-electric power, mining, river navigation, cities, etc."

"Only by conserving the natural cover of her watersheds can California's waters be conserved and made continuously available for the cheap and convenient use of her people."

"Already, more than 2,000,000 acres (more than three times the area of the state of Rhode Island) more than 2 per cent of California's entire area, have been denuded, principally by fire, of a natural cover and left entirely bare of all cover—to the great and annually increasing damage, not only to the 2,000,000 acres, but also to the great and annually increasing damage to our rivers and harbors. "Floods in other states than ours, where forests have disappeared, annually destroy life and property."

"Even here in California, there are localities where, since the natural watershed-cover has been destroyed, streams that formerly were not destructive, now run riot in winter and spring, are practically dry in summer and autumn, and the now bare hills, through which they run, are eroded, sending down to our rivers, every year, incredibly enormous quantities of detritus. Expert measurement, on only a small part of these denuded 2,000,000 acres, shows that every year 38,000,000 cubic yards of soil are washed into our rivers and bays, to shoal and choke them up."

**Basis Of Prosperity**  
"California's forest, when the

### CONSERVATION RESOLUTION ADOPTED BY KIWANIS CONVENTION

"Whereas, Upon the conservation of the forest, brush and grass covering the mountains of the state of California rests in turn the conservation of the waters upon which the people of California and Nevada are largely dependent for the maintenance and extension of agricultural and power resources of the two states, and

"Whereas, Inadequate protection of such covering against fires has already cost a direct loss of millions of dollars and a far greater incalculable indirect loss; and

"Whereas, More than 2,000 such fires occurred during the present year; and

"Whereas, More than one-half of the watershed area within the state of California is outside of the federal forest reserve; and

"Whereas, Facts appear to warrant more complete organized effort to reduce such waste and destruction to the lowest minimum consistent with the importance of projecting such a great public asset;

"Be it resolved, By the California-Nevada District of Kiwanis Clubs' Convention, That it is the sense of the convention that attention of duly constituted authorities of the states of California and Nevada and the federal government be directed to the situation that not only the state of California may do its full part toward the conservation of the resources, but that there may be such federal and interstate co-operation as will secure most complete protection among the interests benefited."

### \$175 Adding Machine Kept Against Wishes Of Owner, Suit Claim

Recovery of a \$175 adding machine said to have been loaned to the defendant, or alternative judgment for that sum, together with \$50 damages for its alleged retention against the owner's wishes, was asked today in a superior court action filed here by the Rockford Milling Machine company against H. The case came to the superior court on appeal from Justice J. B. Cox's court, where judgment was recently given in favor of Garland. Attorney L. F. Coburn, of Orange, represents the plaintiff, with Attorney Z. B. West Jr. defending Garland.

## SEEDLESS DATE TREE, KNOWN HERE, DEAD

Specimen Declared Unique of Kind Once Stood In S. A. Yard

Declared by D. W. McDannald, local publicity director with the Santa Ana Chamber of Commerce, to have been the only seedless date tree in the world, the date tree removed by Captain George Thomas from Santa Ana to Los Angeles three years ago, is dead.

According to McDannald, the tree was forty-three years old and originally stood in the back yard of the business property now under lease by Dr. K. A. Loersch, 116 East Fourth street. The property belongs to the John Brunner estate.

Pointing out that he had exhibited all over this country, ripened dates from this tree, McDannald said that experts on date trees had told him that there was not another tree in the world that produced dates without seeds.

**Fruit Creates Wonder**  
"I exhibited the fruit in Kansas City, Chicago, Omaha and many other places in my travels in the interest of Santa Ana and Orange county," said the well known Orange county booster. "The fruit was the wonder of everyone who saw it, and was of particular interest to experts of date culture."

"In my opinion, it was a shame to have let the old tree develop in Santa Ana until it passed the state of possible reproduction. In its younger life it produced many sprouts that could have been planted."

"Santa Anans did not fully appreciate the value of the old tree and it finally passed to the possession of Captain Thomas, multimillionaire of Los Angeles."

**Moves Tree to L. A.**  
"Thomas bought and moved it into his property at Los Angeles at an expense of \$500. I am told that after transplanting it he spent another \$500 in endeavoring to make it survive."

McDannald, on driving to the Thomas place, in the Beverly hills section, last Saturday, found that the tree had died. McDannald had sought to take a picture, to be used for exhibition purposes in the local Chamber of Commerce display.

He said the tree had been dug up and moved away just a week before he arrived at the place.

## PLAN SEMINAR IN INTEREST OF SCIENCE

A new incentive for the burning of "midnight oil" for junior college and high school science courses has been provided with the announcement of the organization of a science seminar.

An announcement made today by J. Russell Bruff, head of the science department, stated that the purpose of the seminar was to broaden and deepen the interest of the students in science, to give students a greater appreciation of problems and achievements in science, and to encourage the development of the scientific mind, which Bruff calls the rational mind.

The first meeting of the seminar, which was to be conducted under faculty supervision, was to be held this afternoon, and was to be featured by an illustrated lecture by Dr. R. R. Snowdon, field demonstrator of the Children's committee, on the subject of "Nitrates."

The meeting was to begin at 3 o'clock and only those who have been especially selected from the various science classes will be allowed to attend, Bruff said.

A premium on research and good work in science classes will be this privilege of attending seminars, which privilege is seriously coveted by all science students, he added.

Meetings of the science seminar are to be held regularly throughout the year, and three delegates from each class in chemistry, biology, botany, physics or radio are to be chosen for each meeting by the class teacher.

Any student who has been a delegate to the seminar twice in one year will be given an honor pin by the department.

**Numerous Heirs Share \$5000 Estate of Woman**  
An estate of \$5,000 in cash, left by the late Hattie H. Pfeiffer, who died in Orange November 8, is share by various nieces and nephews, which privilege is seriously coveted by all science students, he added.

Meetings of the science seminar are to be held regularly throughout the year, and three delegates from each class in chemistry, biology, botany, physics or radio are to be chosen for each meeting by the class teacher.

## BIG BASHFUL BOYS AND TIMID GIRLS NEED TO SING SO AS TO TALK WELL, IS CLAIM

High school glee club members demonstrating the proper musical gymnastics to achieve good singing tones. From left to right, above, are Miss Miriam Lonsford, Edwin Vierra and Miss Helen Metz. Inset, Charles Metz showing how to estimate the correct distance to open the mouth.

"Everyone who can talk can sing."

When Miss Margaret Wickes of the high school music department first came to Santa Ana a little over a year ago she made the foregoing statement and now she is attempting to prove it.

More than 300 sophomores and juniors at the high school are enrolled in the chorus classes which are compulsory for all students in those two classes who are not studying public speaking.

"These students really like to sing. They enjoy the work far more than I expected they would," was Miss Wickes' comment today, as she discussed the work of the music department, which is fast becoming one of the most popular in the school.

All students in the music department will take part in the two operettas which will be given by the music department, one in January and the second in April, Miss Wickes announced.

**Many Glee Clubs**  
Not the least interesting part of the vocal music work at the school are the glee clubs. There is a senior girls' glee club with twenty-two members. This club is organized and gives a program every two weeks. Officers are, president, Miss Mollie Mosher; vice-president, Miss Helen Metz; secretary and treasurer, Kate Benton; program committee, Helen Metz and Eva Taylor.

The senior boys' club enrolls twenty-one members and also gives a bi-weekly program for its own members.

"I am very proud of my junior college music classes and clubs," Miss Wickes added, as she told of the plans for the operetta "Martha" which the college will present in the early spring.

So popular is the music work in the college, that Miss Wickes has had to create two girls' glee clubs, a mixed chorus, two male quartets, and a boys' club.

Big bashful boys and little quiet girls, who look as though they were afraid to open their mouths at all, are entering into the spirit of the chorus work with an enthusiasm which probably no other form of expression could achieve, in the opinion of those who are watching the development in vocal classes.

"In addition to the chorus work, I am trying to give each student some individual attention," said Miss Wickes, who pointed out that the fundamental reason for the chorus work was to develop in the students proper enunciation, relaxation of the speaking muscles so that voices would be softer and more pleasing, and the ability to get full round tones.

## CITY SCHOOL FAIR COMMITTEES FIXED

Plans for the city school fair to be held in January were advanced today by the announcement by Miss Verna Wells, president of the City Teacher's league of the personnel of the committees on arrangement and execution of the exhibits.

Members of the committee follow: Arithmetic, Misses Barclay, Jefferson school, Mary Andrews, McKinley, and Mildred Mead, Lowell; reading, Misses Oliver Wagner, Spurgeon, Blanche Plumb, vice-principal Frances Willard, and Linda Paul, Lincoln; language and science, Miss Marie Siebert, John Muir, and Mrs. Helen Abbey, Artesia; geography and history, Miss Verna Wells, Roosevelt, Mrs. Edith Bohannon, Logan, and Miss Lottie Sweet, Franklin; music, Harry Garstang, music supervisor; art, Miss Hazel Bemus, art supervisor; orchestras, S. J. Mustol; penmanship, Miss Edith Wherry; standards committee, H. G. Nelson, principal Julia Lathrop Junior high, Miss Vanche Plumb and Miss Verna Wells.

## GIVE EDUCATION WEEK PROGRAM FOR CLUBS

Emphasizing the fact that this is American Education week, J. A. Cranston, superintendent of public schools here, today called attention to the following, entitled "The Teacher's Task," by Theodore Roosevelt:

"You teachers—and it is a mere truism to say this—must make the whole world your debtor; and of you it can be said, as it can be said of no other profession save the profession of the ministers of the gospel themselves, if you teachers did not do your work well, this republic would not outlast the span of a generation."

"Moreover, as an incident to your avowed work, you render some well-nigh unbelievable services to the country. For instance, you render to this republic the prime, the vital service of amalgamating into one homogeneous body the children of those who are born here and of those who come here from so many different lands abroad. You furnish a common training and common ideals for the children of all the mixed peoples who are here being fused into one nationality. It is in no small degree due to you, and to your efforts, that we of this great American republic form one people instead of a group of jarring peoples."

**Gain Mutual Respect**  
"The children, wherever they have been born, wherever their parents have been born, who are educated in our schools, side by side with one another, who inevitably grow up having that sense of mutual sympathy and mutual respect and understanding which is absolutely indispensable for working out the problems that we as citizens have before us."

Addresses in connection with American Education week will be featured at this week's meetings of the various luncheon clubs here, Cranston said.

Cranston made public here the following issued by the bureau of education of the department of the interior, Washington:

"Illiteracy is not only a serious bar to good citizenship, but it is an obstacle to the industrial and agricultural advancement of a nation."

"Natural resources are worthless without education. Fertile soil, timbered land, water power, and mineral deposits lie idle or are ignorantly squandered by an illiterate people."

"Illiteracy is costing the nation millions of dollars. The late vice-president Franklin K. Lane, stirred by the revelations of the draft in the great war, stated that if the productive labor value of an illiterate is less by only 50 cents a day than that of an educated man or woman, the country was losing \$825,000,000 a year through illiteracy."

"Illiteracy could be wiped out by a comparatively small expenditure, leaving a net balance of millions of dollars of national wealth. For the intelligent mobilization of the American army it became necessary for the government to know accurately whether our soldiers could read orders and write orders before they could be assigned to effective service. Our government therefore gave to the million and a half men who were taken in the first draft—men from every state in the Union and from every class of people—an actual test of ability to read and write."

What Army Test Showed  
"When this test was given it was found that of 1,566,011 men

## Woman Fails to Win Balm in Knee Injury Case Brought in S. A.

Mrs. Winifred Tremblay, who sought damages from J. B. Chaffee, for injuries she alleged that she sustained to her knee in an automobile accident on Whittier boulevard in 1920, failed in her effort to secure a court judgment, it was learned today, following the trial of her case against Chaffee in Superior Judge Z. B. West's court.

Chaffee likewise failed to secure damages he asked for in a cross complaint.

Judge West ruled that both parties were guilty of contributory negligence and decided that neither was entitled to damages.

Attorneys Tipton and Cailor, of Anaheim, represented Mrs. Tremblay in the trial, which was concluded late yesterday. Attorney W. I. Gilbert, of Los Angeles, appeared for Chaffee.

## LOCAL ALUMNI GOING TO SEE 'BIG GAME'

More than fifty California and Stanford alumni here are planning to make the trip to Berkeley the coming week-end to see the big game in the new California stadium.

Motor caravans and special trains will carry alumni of both universities from all parts of Southern California.

Among those who are planning to go from Santa Ana are Mr. and Mrs. Urban Plavan, Fred Forgy, Mr. and Mrs. Gene Hoff, Charlie Carillo, Z. B. West Jr., Miss Laura Davis, Miss Isabel Anderson and Mr. and Mrs. S. Mertz.

Many others from Fullerton, Anaheim, Huntington Beach and other parts of Orange county are planning to make the trip, according to reports from both California and Stanford club leaders.

Hotels along the coast and valley routes have arranged special receptions for those traveling northward. These will be decorated in university colors.

The new California stadium with a capacity of 93,000 will be filled to overflowing, from reports received from the athletic manager, R. W. Cortelyou, at the University of California, where it has been learned that practically all seats have been sold.

On the California campus, three days, November 22, 23 and 24 will be given over to the first homecoming of the forty thousand alumni of the university.

## GOBBLEERS FOR THANKSGIVING DUE TO COST LESS THAN FORMERLY

It's Too Soon to Fix Price On Turkeys, But 50-55c Range Is Predicted

### SAY BIRDS PLENTIFUL

Fixin's May Be Less Dear Than Last Year With Feast In Prospect

"Gobble! Gobble! Gobble! I'm the Thanksgiving turkey. I—"

"Yes, yes," sighs the expectant purchaser. "I know you, all right, but what's that going to cost me?"

"Well," says the Santa Ana merchant, answering for the turkey, the cranberry, the celery and all the fixin's, "the annual feast is not going to cost quite so much this year. Not as much as last year, at any rate."

**Too Early to Predict**  
But here the Santa Ana merchant comes to a halt. It is a trifle too early, the merchant says, to say exactly what turkey prices will be a few days before Thanksgiving, but—

"Prices will be lower than they were at this time last year. "There will be plenty of turkey," said one leading dealer, "but as for prices, I am not so sure. My own turkeys, specially raised for us, will probably range around 55 cents a pound. Others can be bought at 50 cents a pound, probably, but there will be some fluctuation."

According to downtown merchants, some ranchers are asking 50 cents a pound for turkeys, "on foot at the ranch." This, the merchants claim, is entirely too high.

**Trimming About Same**  
"Fifty to 55 or 58 cents, dressed and on the stalls in Santa Ana, is more like it," the merchants declare. "If turkey prices soar too high a lot of people will pass up the big bird entirely. In that case, there will be many nice, fat juicy chickens served on the holiday boards."

"Amen!" says Dad, fumbling with his bill-fold. "And now, how about the trimmings?" Santa Ana dealers pointed out, will be about as usual, perhaps a little lower than last year.

Cranberries, for example—18 to 22 cents per pound, depending upon your taste, or purse.

And celery—nice big bunches for 15 cents.

Lettuce—five cents a head—two fine, choice heads for 15 cents.

**Strawberries, Too**  
Nice, ripe, sound, luscious apples, four for a quarter; some, six pounds for a quarter.

Sweet potatoes, three pounds for 25 cents.

And mince meat! Ah! Mince meat—20 to 30 cents a pound, and guaranteed to send one to the seven heavens of ecstasy!

Strawberries? Well, if you've just got to have 'em—25 to 30 cents a box. But they're scarce!

As for the dainty, Olympic oyster, so dear to the heart of the Seaside and San Francisco diner—about a dollar a hundred as usual. But they come by special order from the north.

So, there's your Thanksgiving feast. Mix to suit the taste.

**HAS NARROW ESCAPE IN RACING SCENES**  
 Versatility is invaluable to screen players nowadays. They are called upon to do almost anything. In the production "Just Like a Woman," the feature attraction which closes at the Yost tonight, Marguerite de la Motte, who plays the role of Peggy Dean, has been called upon to drive a racing car at a tremendous speed.

She was called on by the director to step on the gas and enter a thrilling race to the boat landing to head off a certain young man who had taken much for granted. There was a couple of times during Miss La Motte's wild ride in which she narrowly escaped having an accident. Twice she skidded, and once, while going around a curve at break-neck speed, she very narrowly escaped turning turtle.

When the scene was finished the director complimented Miss La Motte and informed her that it was one of the most exciting races that he had seen for some time.

**"HER FATAL MILLION" AT PRINCESS TODAY**  
 In her newest starring vehicle, "Her Fatal Millions," which comes to the Princess today, Viola Dana plays the role of a girl who posed as a millionaire to prove to an old sweetheart that fortune had smiled on her too. But she went a bit too far when she told him she was the wife of the wealthiest man in the world, because when her "borrowed" limousine was wrecked and her "borrowed" finery lost, Fred took her to her "husband's" home. And then there were complications galore.

Here is a role that fits the versatile, vivacious little Miss Dana like a glove. It provides her with a rare opportunity to display her distinctive charm and youthful vivacity. The story provides plenty of laughs, and thrills and the dainty little star races through the whole range of entertaining situations in her best style. She is a comedienne par excellence.

The notable supporting cast includes Huntley Gordon, Allan Forrest, Peggy Brown, Edward Connelly, Kate Price and Joy Winthrop.

**NOVEL SITUATIONS AROUND AT WEST END COMEDY**  
 A gallery of portraits that will bear the study of any connoisseur of characterization has been drawn by Thomas H. Ince in "A Man of Action," his latest mystery-comedy, now showing at the West End, that presents unique characters and some of the most novel situations ever screened.

Douglas MacLean, Marguerite de la Motte and Raymond Hatton are the three stars who set the pace in this rapid-action picture that shifts from a millionaire's home to the underworld and back to the realms of polite society in a brief twenty-four hours.

The change that results in a chap who has been a spoiled darling of riches life in the raw gives Douglas MacLean an opportunity for some of the cleverest character drawing he ever has done for the silver sheet. Without relying merely on make-up, MacLean actually looks different after he undergoes a series of startling experiences in company with a bunch of clever gangsters. The transformation is so apparent that the failure of the chap's fiancée to recognize him after he develops into "A Man of Action" seems entirely plausible.

### Proclaims Psychology As Essential Subject

Marion Ray Freeman, psychologist and author of San Francisco and Los Angeles, who gives six free public lectures on psychology at St. Ann's Inn, beginning November 1, issued a statement here today as follows:

"At the root of all human suffering and failure, or happiness and success, we find thought and emotion. Science has recently determined the extent to which one suffers from destructive thought and violent emotions, as well as the benefits coming from constructive thoughts and wholesome emotional states.

"Someday the purpose of education will not be alone the mastery of objective arts and sciences, but will aim at greater self-knowledge and self-handling in the conduct of life.

"The possibilities of making our lives what we will are now so well demonstrated that psychology will someday be the chief science."

## CALIFORNIA AND NEVADA CLUBS ENLIST

(Continued from Page 9)

white man came, covered 40,000,000 acres—forests the remainders of which are still the wonder and admiration of the world—forests which the axe and fire are rapidly destroying—forests upon which the conservation of California's waters and the continued prosperity of her people intimately depend.

"Luckily, the people of all the United States have been more generous to Californians than we have been to ourselves. They have set apart, as national forests, 19,000,000 acres of their forest property in California. And these 19,000,000 acres of forests the generous people of the United States protect from destruction.

"California, however, has permitted the 20,000,000 acres of forests that lie outside the national forests to fall a prey to the axe and fire. While the generous people of the nation are protecting and conserving, for our benefit, the national forests in this state we have done very little to protect and conserve the other forests.

"It is expertly estimated that, even at the present rate of their destruction, making no allowance for the inevitable annual increase, all California's forests lying outside the national forests, will have disappeared within the next fifty to seventy-five years.

"When the time comes, a great part of California's now fertile acres will be barren and unproductive.

"Fire is the greatest immediately impending menace to the conservation of the cover on our watersheds.

"Destroyed forests may be replaced by reforestation. But of what use is the attempt at replacing destroyed forests, unless fire be kept from the young trees?"

**Loss Estimate Gigantic**  
 "Last year there were 2,133 fires on the watersheds of this state; 770,895 acres (an area greater than that of the state of Rhode Island) were burned over; property to the value of \$898,165 was destroyed. But no estimate has been made as to the monetary value of the damage done to the state's watersheds, and the prosperity of the people of the state, present and future. Dr. George P. Clements, of the Los Angeles Chamber of Commerce, however, after a careful survey, estimates that, last year, in Southern California alone, the fire damage to watersheds amounted to the appalling sum of approximately \$100,000,000. How much was the damage done to the watersheds of Northern California?"

"The figures for this year's fire damage to property have not yet been compiled. But, late in last September alone, there were, at approximately the same time, something like 300 watershed fires raging in California; and the property loss was something like \$12,000,000. Several towns were completely or partially wiped out.

**Fire Hazard Increasing**  
 "Every year, the fire hazard in this state increases—the automobile carries, every year, more and more fire careless campers, hunters, fishermen to our mountains.

"Instead of taking more precautions every year to prevent and suppress fires on the 20,000,000 acres of watersheds lying outside the national forests, the state of California, practicing a false and expensive policy of economy, refused, this year, to spend more money than last year.

The state budget for fire prevention and fire suppression is approximately one-half what it was last year.

"Last year, under Governor Stephens, the state appropriated \$37,500. This year, under Governor Richardson, the appropriation was cut to \$20,250—\$17,250 was saved. Within one week, during last September, property to value of \$12,000,000 was destroyed—over ten times the entire loss for last year and the year before. The saving of \$17,250 to the taxpayers was rather expensive to those taxpayers.

"Who shall pay the cost of protection? The counties in which there are fire hazards on watersheds? Not a few of the counties, in which the fire hazard is greatest, are too poor to do that. Private owners of watershed property? Why should they, or the people of the fire hazard counties, be compelled, or even asked, to pay the cost of protecting from fire the watersheds, as such, on the protection of which, as such, they are no more dependent than if there are as much the rest of the state?"

"The state of California, representing all the people of the state, should pay the cost of protecting from fire the watersheds of the state, upon which the continued prosperity of all the people depends.

### Beach Folk In Hot Row Over Pipe Line

(Continued from Page 9)

will be interpreted by the people of the county as meaning that the harbor itself, is not desirous of commercial development.

The Balboa contingent answers this by declaring that the people will not let the injection of the oil issue interfere with their good judgment in later approving the bond issue.

Burnham declares, "We want a harbor as much as they do, but not a black beach to get it. Oil is not the only kind of commerce that can flow through Newport harbor."

The polls opened at 6 o'clock this morning and will close at 7 o'clock tonight. There is a voting precinct in both Newport and Balboa.

The ballots present the following questions:

**Residence's Disputed**  
 "Shall ordinance No. 242 granting Thomas W. Simmons a franchise for a period of forty years to lay, construct, repair, remove, maintain and use oil pipelines and to convey oil therein under, along, and across streets, alleys and highways in the city of Newport Beach and to load ships with oil conveyed therein go into effect?"

"Shall the proposed ordinance prohibiting the laying, installing, maintaining or using of any pipe line or lines in or upon any public street or alley or place in the city of Newport Beach for carriage or transportation of crude or refined oil or oil product for loading the same upon ocean going vessels for shipment to other places and further prohibiting the loading of any vessel for shipment with oil by means of any pipe line or lines and prohibiting the granting of any permit or permission or franchise therefor be adopted?"

Because of the fact that many Balboa persons make their home there only during the summer, the Newport Beach harbor clan has argued that the former class do not have the legal qualifications of voters. They have threatened to challenge ballots and, if the vote goes against them, to carry the matter to the courts in the hope of reversing the decision. The taxpayers' league maintains every requirement of the state statutes has been met and that the alleged "non-residents" will vote today.

### OFFICERS REMOVE 2 UNDER ELECTIONEERING CHARGE

Charges of electioneering within 100 feet of the Balboa voting place resulted in the removal by officers of H. L. Sherman and R. L. Summers, leaders of the contingent opposing the pipe line lease, here this morning. City po-

licemen were stationed at both polls.

Ingle Carpenter, Los Angeles attorney, counsel for the Taxpayers' League of Newport Beach, the organization opposing the Simmons pipe line and pier lease, on being challenged, refused to vote. Pro-harborites ever he is a resident of Los Angeles. Carpenter declared he had "an ace up his sleeve," and would protest the election in the courts in the event the pipeline permit is not defeated.

At noon, it was estimated that 200 ballots had been cast. Both sides were claiming victory. The highest vote in the history of Newport Beach is expected. Automobiles from outside points were pouring in with would-be voters, it was claimed.

According to the poll book, only a scant number of the 116 alleged "non-residents" had voted up to noon, however.

OKLAHOMA CITY, Okla., Nov. 20—A counterfeiting ring was found operating in the Oklahoma state reformatory. Prisoners made dollars from table silverware. The moulds were made from metal stolen from the boiler room.

## ONE ACT PLAYS PLEASE CROWD AT LAGUNA

LAGUNA BEACH, Nov. 20.—Local theater goers had the opportunity Saturday evening to see the character of work that is being done by community players from other sections, thus enabling them to draw a comparison between the visiting players and those of their own community club. The occasion was the presentation in the Laguna Beach Community Club hall of four one-act plays by the Laboratory players of Los Angeles, under the direction of Anne Virginia Snowden of that city.

**Beach Musicians Assist**  
Despite the fact that there were several counter attractions in the village on that evening, a large and representative audience gathered to witness the presentation. As is customary at entertainments in the Community Club Hall, local musical talent came to the fore and added their quota of enjoyment to the evening's pleasure. Miss Josephine Hills, violinist, favored with several especially pleasing numbers. Mrs. Floyd Case assisted at the piano. Responding to persistent applause, Miss Hills gave a beautiful rendition of Drlia's "Souvenir." F. W. Cyprien played two selections on the piano, and James Victor Rankin sang two very pleasing numbers.

The offering of the Laboratory Players comprised a variety. The first of these was a tragedy, by Bertha Starkweather, entitled "Honesty," depicting the poverty-stricken condition of some of the down-trodden workers in the stockyards district of Chicago.

**Fantasy is Presented**  
"Pierrot Shuts His Eyes," a satiric fantasy, was second on the program. Infinitely lighter in vein, and refreshingly bright in comparison with the preceding play, it pleased with its dialogue, story and manner of presentation. The enforced absence of one of the players caused the play to be necessitated to call for more home talent, and the response was cheerfully made by Catherine Strode, who took the part of Butterfly.

A very wide divergence in theme, setting and story was the third offering, a drama translated from the Japanese, the dialogue written by Mrs. Snowden. The story is one of the traditional ones of Japan, based upon parental veneration, pride of ancestry, and those other attributes for which that people is noted. Much effort had evidently been exerted in study of the drama, and there was clearly a sincere desire to show a proper appreciation of the spirit of the theme, but there was something lacking in the presentation, or else the audience was not familiar enough with this class of plays to be fully responsive.

Closing the program with a comedy entitled "Three Pea-Grain Cats," the visiting players gave that which, in the judgment of many, was the most entertaining portion of the evening's offerings. This comedy was written by R. W. Snell, one of the Laboratory Players, and while depicting the not uncommon incident of a wife who, driven to the household money from its legitimate course—the payment of bills—to an extravagant investment in a supposedly valuable piece of pea-grain porcelain, it was handled from a new angle, which gave opportunity for some clean-cut and wholesome comedy.

At the conclusion of the program tables were arranged, and a light luncheon served, during which there was an interesting interchange of ideas and experiences in the line of securing manuscripts of plays, painting scenery, making properties for the various productions, and acquiring the necessary costumes. In this connection it is of interest to state that the Laboratory Players have never been deterred by such minor handicaps as the lack of proper stage accessories; falling in having just what they need, they immediately proceeded to make it out of discarded coffee cans or old newspapers. Which is merely a modern adaptation of the age-old axiom: "Necessity is the mother of invention."

In a happily-worded speech A. J. Serres, president of the Community Club, voiced the appreciation of the club members to the visiting players, tendering the thanks of the entire community for their courtesy in giving our people an evening of enjoyment. Response was made by R. W. Snell on behalf of the visiting players. Local talent was again called upon, and James Sanborn Murphy favored with two beautiful vocal offerings. A social half-hour followed, and it was after midnight ere the crowd dispersed.

## Tustin Bazaar To Be Tomorrow Night

TUSTIN, Nov. 20.—The Ladies' Aid society of the Presbyterian church of Tustin will hold their annual bazaar and church supper at the church here Wednesday evening at 7:30 o'clock.

Women of the society have been at work for some time on the many articles and trinkets which will be offered at the bazaar. Chicken will be the "piece de resistance" at the supper given in the evening. The proceeds of the bazaar and supper will go toward the annual Christmas fund of the church.

## Endeavor Society At Buena Park Meets

BUENA PARK, Nov. 20.—The Christian Endeavor society had a business meeting and a social time Saturday night at the Community hall. Those present were Mildred Bacon, Edwin, Carl, Ernest and Lillian Bastady, Florence Warren, Bertha and Mabel Robison, Sam Horn, Rosalie and Esther Hartman, Helen Page, Melvin Hilgenfeld and Mr. S. F. Hilgenfeld.

The following friends of Mrs. J. R. Schofield pleasantly surprised her last Saturday night, the occasion being in honor of her birthday anniversary: Mr. and Mrs. William Calloway, Mr. and Mrs. McNeil, Mr. and Mrs. L. T. Wilsey, Mr. and Mrs. Horn, Mr. and Mrs. E. Bastady, Mr. and Mrs. F. Bastady, Mrs. L. E. Berkey, Betty and Everett Berkey.

Mr. and Mrs. William Van Loenen of Santa Fe Springs visited at the R. D. Bacon home Sunday. R. D. Bacon, son Robert, and daughter, Mildred, were Anaheim shoppers Saturday.

Mr. and Mrs. C. W. Given visited friends in Placentia Sunday. Buena Park Congregational church had special services last Sunday night, introducing "Educational week." Pastor Bastady gave an excellent talk on "Education of the Child in the Home," emphasizing and urging that the child be taught self-control, obedience, orderliness, reverence for authority, etc., in the home.

Mr. Calvert, principal of the grammar school, spoke on "The Education in the School," and Mr. Hilgenfeld touched briefly on "The Education in the Church." Mr. Calvert announced he had secured Mr. Thornton to speak on educational lines Tuesday night at 7:30 o'clock.

Mr. Thornton is the pastor of the Fullerton Christian church, and is well known as an excellent orator, so let's give him a large audience Tuesday night at 7:30 at the Congregational church.

The following young people attended the ball game at Santa Ana Saturday: Betty and Everette Berkeley, Margery Lee, Bertina, Mabel and Irma Robison, Beulah Nelson, Eunice Mann, Melvin Hilgenfeld, Doris Williams, Mrs. Ralph Williams, Mrs. Ed Mann and Charles Brown.

The foundation is being prepared for the pool hall which is to be removed one lot south of present location, making ready for the new filling station at the corner.

Mrs. Ethel Conway of Scott and Frampton's stores, was a business visitor in Fullerton Monday morning.

Beulah Nelson, Mabel Robison, Sam Horn and Carl Russell of Artesia motored to Long Beach Sunday.

Miss Eunice Mann visited Miss Alice Parks in Fullerton Saturday night.

Misses Irma and Bertha Robison and friends motored through Turnbull and Brea canyons Sunday afternoon.

Miss Florence Schofield visited in Long Beach Saturday night.

Scoutmaster Brinton Hale says he now has about thirty-five members in his troop, although the quota is 32, and better results are obtained with even less numbers. Just as soon as a competent scoutmaster can be secured, steps will be taken to organize a second patrol. If there is anyone who would like to take up the work as scoutmaster for this new troop, he is requested to notify J. M. Woodworth or Scoutmaster Hale.

## ANAHEIM GIRL TO ATTEND CONFERENCE

ANAHEIM, Nov. 20.—Miss Ruth Grim of Anaheim left Friday night to spend a week in Berkeley. She is an alumnus of the University of California and planned to attend the Washington-California game at the Stanford-California game next Saturday. She will also act as the Stanford-California game county at the alumni conference Thursday with Mrs. Graydon Oliver of Fullerton and Miss Isabel Anderson of Santa Ana as the other two delegates.

**TO ATTEND STANFORD GAME.**  
ANAHEIM, Nov. 20.—Planning to attend the Stanford-California football game in Berkeley next Saturday are Mr. and Mrs. Graydon Oliver and Mr. and Mrs. L. Matter of Fullerton.

## Accidental Verdict Returned By Jurors In Hetebrink Probe

FULLERTON, Nov. 20.—That George R. Hetebrink, 39, of 130 Cypress Street, Anaheim, died at 5:15 p. m. Sunday as the result of a stroke of apoplexy was the verdict returned at the inquest conducted by Coroner C. D. Brown at the McAuley funeral parlors yesterday afternoon.

Witnesses testified that Hetebrink, a member of one of the pioneer families of Northern Orange County, collapsed suddenly while driving on South Spadro Avenue. The machine jumped the curb and crashed through two pillars of a filling station before the two other occupants of the car, Mrs. P. Baldwin and Mrs. B. Stewart, could cut off the power.

The dead man is survived by his mother, Mrs. Lizzie Hetebrink, Tustin; four sisters, Mrs. Annie McTaggart, Tustin; Mrs. William Lindebaugh, Brea; Mrs. Myrle Clark and Mrs. Rebecca Combs, both of Fullerton, and one brother, William Hetebrink, Fullerton.

Funeral services will be conducted at 2:30 o'clock Wednesday, at the McAuley chapel, followed by interment in Loma Vista cemetery.

## PERSONAL ITEMS FROM RICHFIELD

RICHFIELD, Nov. 20.—Miss Edith Newcomb of Los Angeles is a visitor at the home of her sister, Mrs. Vern Adams.

Mrs. Harry Gendar and Mrs. Howie Denton of the Sterns Thompson lease are attending the adult sewing classes at the Fullerton high school.

Mrs. Campbell, who has been incapacitated for the past two weeks with orthopedic trouble, is attending the clinic in Anaheim and is improving.

Mrs. Richardson of Pasadena is spending a week with her daughter, Mrs. E. P. Francis. Among the entertainment for the honored guest was a trip to the Francis ranch at Oceanside, when Mr. and Mrs. Kavanaugh of Detroit, who are visiting here for the winter, accompanied them.

Mr. and Mrs. Van De Putte spent Friday at Laguna beach where they went to gather abalones.

Miss Ruth Rippey arrived home from Mexico last week, where she has been spending the past several months with her grandparents who are attending to ranch interests in that country.

Mrs. Ernest Karnes spent Saturday visiting relatives in Sawtelle and Los Angeles.

Willard Denton, who has been visiting with his brother, Howie Denton, has moved to Anaheim where he has opened a dental laboratory.

Mrs. Singer of Los Angeles spent last week at the home of her daughter, Mrs. J. S. Zuckerman, who has been quite ill.

Mr. and Mrs. J. Whelan of Ojai visited at the home of Mrs. Campbell Friday.

Owing to the construction work now under way on Van Buren street, which is almost ready for its gravel surface, it is advisable to detour to the oil fields, over the Union Oil road which runs north from the highway at the Wetzel ranch, or to take the Richfield road running north at the school house.

The home of Mr. and Mrs. Leroy Walker was the scene of a delightful dinner party. The guests arrived early in the afternoon, which was spent in music and a social time. Mrs. Walker entertained her friends by singing several lyric soprano solos which were greatly enjoyed. Tea was served at 4 o'clock, after which the party adjourned to the oil fields, returning in time for a delicious dinner. After the moon rose, the merry party motored home through the canyon. Those present included Mr. and Mrs. Fred Hills and Freda, Mercy Hills and son and daughter, Miss Nadine Caves and Grace Riggsley.

Mr. and Mrs. F. J. Green were the dinner guests of Mr. and Mrs. O. J. Stanbro Friday.

Mr. and Mrs. J. Townsend of the Petroleum Midway Oil company, are to be transferred to Signal Hill where Mr. Townsend is to be engaged in construction work. The family expects to leave December 1.

Mr. and Mrs. Harry Gendar and family motored to Whittier Sunday.

**"Ditching Evidence" Foils Liquor Charge**  
FULLERTON, Nov. 20.—"Ditching the evidence," promises to become one of Northern Orange County's most prolific outdoor sports if the example of Scott Daniels and R. M. Coleman, Los Angeles, is followed. Suspected of both containing and possessing liquor, the two men were the object of a lively chase by Fullerton police officers yesterday. But when the chase became too hot, out went the surplus freight.

Who the evidence has been reduced to a remnant spatter on the pavement, the only charge that could be preferred was that of breaking glass on the highway. The men were released on \$10 bail—a saving of \$190 over the customary booze fines.

## BEACH COUNCIL TO CONVEENE ON MONDAY

HUNTINGTON BEACH, Nov. 20.—The city council will hold an informal meeting at the city hall next Monday night at 7:30 p. m. at which time all the contractors in the city are urged to be present with the view of going over the present building ordinance.

Several of the contractors have made objections to the building ordinance it is pointed out and the meeting will probably enable the city council and the contractors to iron out the difficulties.

A vote of thanks is to be sent to the Cadillac company for the use of the Cadillac car which conveyed the city council members to the Armistice Day parade at Orange.

A vote was taken not to object to the additional time necessary on the run to Los Angeles which will be taken up by an additional stop at Florence avenue. It was pointed out in a communication that many casualties have happened at this crossing during the past year. It was decided that the additional time taken up by a stop at this crossing would not make any material difference. The stop of the original planning commission was approved to have the cars stop at the crossing.

A card system of keeping track of all motor cars owned by local people is being installed at city hall for the use of the city clerk on the taxation of personal property.

The first reading of city ordinance No. 265 was heard by the council. The ordinance deals with the parking of cars on Main and Eleventh streets requiring that the cars be parked parallel to the curb instead of diagonal as before.

City Attorney L. W. Blodgett was instructed to write to the Huntington Central Oil company in regard to oil which has been on Main street for some time.

City engineer L. F. Gates was instructed to keep the detour on Ocean avenue in good condition. All bills were paid and the meeting adjourned.

## Sanitary District Discussed At Grove

GARDEN GROVE, Nov. 20.—At a large and enthusiastic meeting held at the Garden Grove hotel Monday noon, the question of the proposed sanitary district for Garden Grove was thoroughly discussed.

Attorney H. C. Head of the Santa Ana was present and gave a detailed report on the rules and regulations governing a sanitary district and the necessary procedure for the formation of same.

Motion was made and carried that the chamber of commerce furnish \$50 for welcome signs to be placed on three of the principal streets, co-operating with the Lions club and Woman's Civic club.

The dues of the chamber of commerce were raised from \$5 per year to \$18 per year.

## Mexican Consul To Speak At Placentia

PLACENTIA, Nov. 20.—Elaborate plans are under way for a program to be given at Placentia on the occasion of the visit of Senor Garcia Leal, Mexican consul, who will give an address at the usual monthly meeting of the club. The music committee consisting of Mesdames J. J. Scott, L. M. Walker, T. McFadden and Miss Nina McLellan, are arranging the program, which will comprise several vocal solos and music on the Hawaiian strings.

Harold Scrubs are working hard against the varisity in preparation for Saturday's game. It was announced that all the Harvard regulars will be in shape to play.

## CITY JUNIOR HIGH ELEVENS TO MINGLE

Julia C. Lathrop Squad to Take on Frances Willard Players Tomorrow

Santa Ana's two junior high schools—the Frances E. Willard and the Julia C. Lathrop institutions—tomorrow afternoon will begin making football traditions when the first annual "big game" between the grid elevens of these schools will be played at Lincoln park. There will be no admission charge.

Like the Santa Ana-Fullerton high school tilts, the encounter between the city's two junior high schools, in years to come, is almost certain to be accompanied by friendly but intense rivalry.

In the pioneer fray, the team representing the Julia C. Lathrop school seems to have a slight edge in the dope. This eleven was defeated by Garden Grove 18 to 0 early in the fall while the Frances E. Willard eleven held the same aggregation to a 12 to 6 score.

Since then, however, the Julia C. Lathrop squad won from Tustin, 19 to 0, lost to Anaheim 12 to 6 and to Pomona 20 to 0. The Frances E. Willard outfit once tied Tustin 6 to 6 and once defeated them, 7 to 6, lost to Anaheim 60 to 9 and to Pomona 31 to 0.

Both teams are strong in the backfield and the game almost is certain to be enlivened by plenty of fast, open play. The game will begin about 3 o'clock.

## GRID GOSSIP

ANNAPOLIS—Surprise was caused here by the announcement that Shapley would replace Baruch, the star Navy back and that Zuber would play center instead of Matthews in the Army game Saturday.

PRINCETON—Four former Princeton captains and five former all-American stars will be in the lineup of the Princeton all-stars who play Vanderbilt in Nashville on December 8 for a charity fund.

NEW YORK—Request to raise the seats in the "presidential box" led to the belief here that President Coolidge will attend the Army-Navy game Saturday at the Polo grounds.

CAMBRIDGE, Mass.—Equipped with what Yale plays the scouts have been able to diagnose, the Harvard scrubs are working hard against the varisity in preparation for Saturday's game. It was announced that all the Harvard regulars will be in shape to play.

## PADDOCK'S RECORDS REFUSED BY A. A. U.

## THEY'RE BOTH CHAMPIONS

Exclusive photo of Sarazen, the champion two-year-old racing marvel, and Gene Sarazen, golf champion, in whose honor the horse was named. The two champs posed at the Laurel (Md.) track. Don't be misled by the jockey clothes on Gene. He didn't ride the horse.

## GOSSIP of the RING

Jack Renault, the Canadian heavyweight, wants to fight Jack Dempsey for the world's championship, and if he has an even break in luck, he may get a shot at the title.

Renault is, at the present time, anything but the logical contender for Dempsey's crown, but he will make himself one because he is going about it the right way.

After knocking out Floyd Johnson, Renault said he was willing to fight Harry Wills, Tom Gibbons and Luis Firpo to prove his right to meet Dempsey.

Leo Flynn, Renault's manager, is one of the shrewdest managers in the business and he is also one of its most fluent orators. Flynn has done a lot of talking in advancing the claims of other heavyweights, but he seems to be sincere before Renault's rounds before Renault through the real test.

Renault now is not a great fighter. He may develop into one because he cannot help but improve himself by fighting top notchers. The Canadian, in his present form, seems only to lack the aggressive spirit of a natural fighter.

Renault would not last five rounds if he tried to stand back and smack Gibbons, Wills or Firpo when they came into him. One good crack from any one of them would remove all chances for Renault to return a punch.

One thing is certain, and it will be a big help to him. Renault will be overmatched. If Leo Flynn wants to match Renault with Gibbons, Wills and Firpo, it is a cinch that Flynn believes in his fighter. Flynn never will knock over a big money prospect for a little ready dough.

Floyd Johnson was one of the most promising young heavyweights to come up in four years, but he is clear out of the class now because he was overmatched in every one of his fights. He had nothing but courage, and a stout heart isn't the factor now that it was in the days of Bat Nelson.

The only way to get a contender into a heavyweight championship fight now is to send him out and make him force his way into the match.

Johnson was forced and he would have reached the goal if he had the ability. Firpo was forced and he got there because he had some ability. Renault will get there because he is being forced.

On the other hand, as a marked contrast is the case of Harry Wills. He has been the outstanding contender for four years and he is now on the outside because he would not take the chance.

## ALEXANDER DRAWS WITH SAM EISMAN

Big Fellows Provide Best Heavyweight Battle In Ring History Here

DELHI RESULTS  
Sam Eisman, Victor Alexander—draw.  
Tom Sharkey, Frank Fields—exhibition.  
Toby Montoya stopped Jimmy Ramies, fourth round.  
Young Rivers stopped Young Peters, first round.  
Young Reynolds stopped Young Johnson, first round.

If Tommy McFarland, Delhi promoter, wants to pack them in at his arena sometime in the near future all he will have to do is to rematch Victor Alexander and Sam Eisman, 190-pounders, who last night toiled four rounds to a draw in the best heavyweight battle Orange county has ever seen.

Throwing all caution to the winds, Eisman and Alexander fought it out in primitive fashion while the crowd, none too large for a main event of this caliber, worked itself into a frenzy of excitement.

Alexander might have had a shade for his terrific blows rocked Eisman time and again but the latter deserved a draw for his punches found the mark as often as did those of his colored foe.

Tom Sharkey and Frank Fields, survivors of the old "fight to a finish" days when Jim Jeffries and the others were in their prime, boxed three one-minute exhibition rounds. The veterans offered plenty of comedy and the fans got a kick out of their fracas.

Toby Montoya looked good while beating Jimmy Ramies all the way, finally stopped him in the fourth frame.

Young Rivers was far too good for Young Peters, winning with a well placed right to the button early in the opening round.

The curtain-raiser, a slugging bee between Young Johnson and Young Reynolds was won by a knockout in the first by Reynolds.

**STRONG BACKFIELDS CARD, BRUIN ASSETS**  
BERKELEY, Cal., Nov. 20.—The two most brilliant collections of backfield men on the Pacific coast will be seen in action in the new California bowl next Saturday in the annual battle between California and Stanford.

It will be a rare sight for the followers of the "big football game." In recent years California has had the collection, possessing at least two sets of backs of equal merit, interchangeable, dependable.

Stanford's offense has been built around one or two. This year, California, as usual, has the most brilliant single star—Captain Don Nichols, but there the difference ceases.

Stanford has Nevess, Campbell, Cleveland, Murray, Cudback, Hay, and Solomon, every man displaying class at carrying the ball. California has Nichols, Dunn, Blewett, Witter, Dixon and Evans as headliners.

Betting supporters of each team need not look for their odds in either backfield.

**SHAKEUP OF ANGEL FORCES IS PLANNED**  
LOS ANGELES, Nov. 20.—The Angels are going out after the Pacific Coast league pennant next year and are going to utilize every means to bolster up this year's second division club.

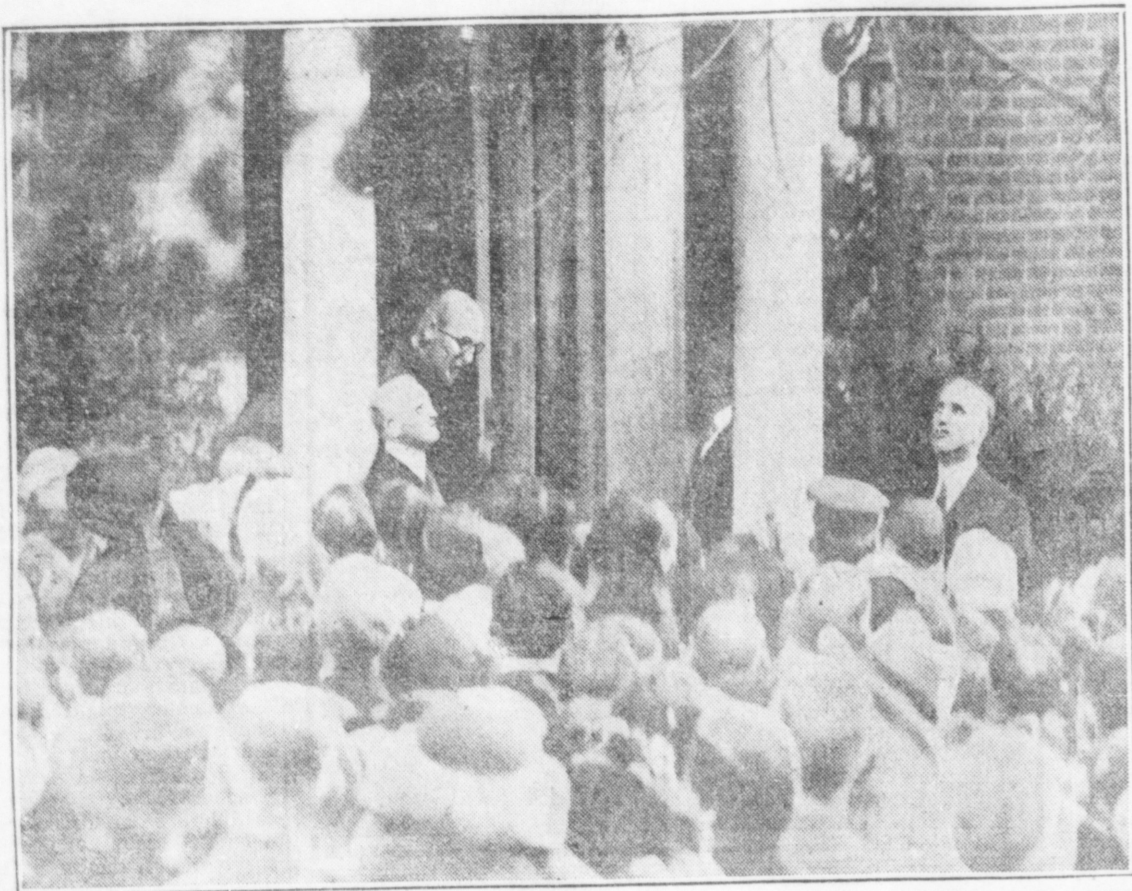

Marty Krug, manager, and Oscar Reichow, business manager, made that known today when they announced waivers were being asked on 14 Los Angeles players.

Krug has asked the waivers so when he goes to the Chicago meetings in December he can make satisfactory deals. All of the 14 players will not be traded, it was made known, but a thorough clean-up is promised.

Names of the players were not announced by Krug.

Making Him Comfortable

ADAM AND EVA—

A PUZZLE A DAY

A submarine and a steamship are 4000 feet apart, from east to west, as shown in the diagram. The submarine is traveling due south at thirty miles an hour. The steamship is traveling due north at thirty miles an hour. How fast does the steamship travel? 30 miles per hour?

Yesterday's answer:  
1. O  
2. OR  
3. CAR  
4. ROAD  
5. ADORN  
6. DRAGON  
7. DRAGON  
The seven steps in building the word "DRAGON" are shown above. Starting with the word "O" a new letter is added for each step, and the addition of each letter forms a new word.

**CONSIDER YOUR SCHOOL PROBLEMS**

Education week—this week, Nov. 18-24—has more purpose and justification than many of the special weeks now thrust upon the public. Its aim is to focus attention upon education in this country, upon the general system as well as upon local school problems and achievements.

During the week in many communities schools keep "open house" for parents and other interested citizens. It would be well for the nation if parents everywhere responded generously by going to one or two school sessions. They might be pleasantly surprised at the progress made in methods of teaching, attractiveness of class rooms, and so on, since their own school days. In some cases they might be disagreeably surprised at conditions that ought not to exist and would not exist if all the adults in the community realized their responsibility in the schools.

A good deal depends upon education of the right kind, particularly in a democracy where intelligent government can come only through an intelligent citizenship. Critics have frequently pointed out to us that our educational system is far from perfect. But no one has demonstrated that it is hopeless. It is a growing, changing thing, like any other democratic institution. Education week is a good time to start finding out in what directions it is growing and in what directions it ought to be growing.

It is also a good week for some of us to begin consideration of the problems that face our own schools. There are a dozen districts in Orange county that are facing the housing problem. The buildings that were adequate a year ago are crowded to congestion now.

Santa Ana, as we all know, must begin building soon to meet the needs that are sure to be pressing when school opens next September. During education week we might discuss the amount of bonds that will be needed to furnish money with which to finance the construction of the buildings that will be needed to accommodate the growing school population of this city.

**WEST FIFTH CONTRACT LET**

We draw a long breath of relief today, for, after many trials and tribulations, the city council has been able to award a contract for the paving of West Fifth street. The action is one for which all of us have waited for years.

At no time has there been any differences of opinion upon the desirability of paving West Fifth. The only difference of any consequence has been in who was to pay the bill. The increase in values of West Fifth street property has simplified that question somewhat, and with the city sharing in the expense there is reason to believe that the payment of the bill will not work hardships on any great number of property owners. In the end, the pavement of the street will add to the stability of values in that section, which is a point to be taken into consideration by those who own property on the street and who are disposed to look askance at the bill.

In passing, we might say that apparently the city has obtained an advantageous contract. The price is fair, and the contractors who have secured the contract are a strong, well established local firm with a well earned reputation for good work.

**HEALTHFUL FACE-MAKING**

It has been said of some faces that they would stop a clock, although we have never seen the trick done. It has been said of other faces that they were the owners of fortune, but this, too, lacks conclusive proof. Now a psychologist at the University of Chicago says that he has proved, by tests made with 3,240 university students, that one's face can make one sick or well, good-tempered or bad-tempered.

It develops that it isn't the face itself that does this, but the expression thereon. The personality behind a given face can feel any emotion it wishes, or curb any emotion by changing the facial expression. To be a happy man or a successful one or a fool or a grouch, he says, all you have to do is to make a face like one.

The psychologist made his tests with delicate time reactions. He found that a man or woman when smiling will respond more quickly to words suggesting the beautiful, the good, the healthful, the uplifting, than when frowning. And the scowling person responds more quickly to words with evil or ugly connotations.

The health work of the face comes about through the fact that cheerful thoughts and pleasant emotions have a tonic effect on the entire system.

In spite of the professor's discoveries—which have been discovered before by other psychologists and constructively inclined citizens outside of that special field—face-making, even of the most agreeable sort, won't wipe out all disease tomorrow, nor yet insure peace to the world. Nevertheless, it might accomplish a good deal locally in helping individual cheerful-lookers to a saner outlook on their own troubles. Cheerfulness is worth encouragement.

**SCRAPPING THE TREATY**

The latest plan attributed to the German government is to throw up the Versailles treaty, or at least the reparation part of it, and relinquish the Ruhr and the Rhineland to France.

Such a pitting, sad as it doubtless appears from the German viewpoint, involves no new sacrifice, since France is actually in possession of the Ruhr and in virtual control of the Rhineland. As far as reparation is concerned, it is obvious that Germany cannot pay while France holds those rich provinces. Thus the German program really involves little more than an official recognition of the existing situation.

Germany has already abolished its domestic war debt, by paying off its war bonds in cheap paper marks. The action now contemplated, if made good, would wipe out the foreign debt. That debt and the territory in question might be regarded as cancelling each other. German statesmen may figure that their country, starting with a clean slate, would be better off than it is now, even though its chief assets were wiped out along with its chief liabilities.

As for France, that country, or at least the Poincare party now in control, would probably be content. In making further reparation impossible, even

while continuing to demand it, France has probably had such a result in mind.

But France is only one of the allied and associated powers, and only one of Germany's creditors—a fact she seems to forget. The powers that helped her defeat Germany will be heard from.

**ACCESSORIES GALORE**

At the recent convention of the Automotive Equipment Association in the Chicago Coliseum, there were no fewer than 248 exhibits of up-to-date motor accessories. If any car owner bought them all he'd need an extra car to carry them in.

If anyone is inclined to complain of the existence of this superabundance of accessories in the motor world he should remember that this is the day of accessories. They are attached to very nearly every branch of life.

Few articles are complete in themselves. The accessories are said really to "make" the costume or the home or the automobile or the theater.

Perhaps it's a good tendency. Accessories permit of standardization in fundamentals, with infinite variety added to suit individual tastes and needs. And just as surely as that accessories are all the rage now, if they become oppressively numerous there'll be a reaction against the less useful and justifiable ones. Where they stand for additional comfort and convenience they will cease to be accessories and become a part of the original object itself.

**Hogs—Game and Road**

Oakland Tribune  
It's going to be a hard winter for men who make hogs of themselves. In several states the traffic officers are instructed to pay particular attention to that species of driver who is known as the road-hog. He is the one who hurls the center of the highway, sends those who try to pass in the ditch, or hurls down upon them so they must climb a fence. As a cause of accidents he is a leading citizen.

The game-hog is another who is to be given particular attention. Various organizations, stirred by the proof that wild life in America is disappearing, are conducting a campaign to stop the wholesale slaughter of animals and birds. A recent attempt of a man formerly engaged in the praiseworthy task of establishing a hunting club on a piece of ground between two such refuges has aroused a national interest. Sportsmen are enlisted with the other nature lovers and the game-hog is the target for all of the ammunition.

Here are the principles of the Dutchess County Sportsmen's association of New York, as sent out by them this week:

"Never in sport endanger human life.  
"Never kill wantonly or needlessly or brutally.  
"Obey the laws of state and nation; work for better laws, and uphold the enforcing authorities.  
"Respect the rights of farmers and property owners and also their feelings.  
"Always leave seed birds and game in covers.  
"Never be a fish hog.  
"Discourage the killing of game for commercial purposes by refusing to purchase trophies.  
"Study and record the natural history of game species in the interest of science.  
"Love nature and its denizens, and be a gentleman."  
It is a good set of rules. Maybe the first and the last are all that are needed.

**Siskiyou's Skeleton**

San Francisco Chronicle  
Santa Barbara may have its skull, which scientists say is the grim relic of a prehistoric man who had a protruding lip, but it is not going to get away with all the glory and all the publicity of the ancient bone business. Siskiyou has to be reckoned with. Determined to show the southern city a thing or two in the unearthing line, they took their trusty shovels in hand up in Yreka, went out in the back yard and dug up, not a mere skull, but a whole skeleton. It was somewhat the worse for wear, but the wise men of the north have decided it was of a race of good-natured, jovial people, because the skull, instead of indicating the protruding lip, has everything that goes with a hearty laugh but the nose.

There is no use for scientists to go digging around for the neighbors of the Siskiyou skeleton, for it has been settled he was not even a permanent resident of the locality. He met death by drowning and then floated in to his last resting place, which was once the bed of a creek.

They are keen in Siskiyou. They don't object to digging up a skeleton when it is necessary to offset the bid of a Santa Barbara or any other place for fame, but they are not going to let the impression get broadcast that they have many dead ones up there.

**That Body of Yours**

By James W. Barton, M. D.  
**YELLOW JAUNDICE**  
Somewhere you have heard or read that when one had the jaundice that something was wrong with his liver.

And this is true. The jaundice is due to the absorption by the blood of bile which as you know is manufactured in the liver.

There have been many theories regarding the cause of jaundice, but it is believed generally now that it is due to some stoppage in the ducts which prevents the flow of bile in the right direction, also to changes in the circulation of blood in the liver, to poisons from food and often from some strong emotion or shock that disturbs the nerves of the liver.

Just as soon as any of these things happen, the bile owing to the changes in its composition becomes much thicker and cannot flow along as readily.

Thus, instead of the bile flowing out from the liver into the intestine, and thus doing its work of rendering poisonous matter harmless, it is so thick and "stale" that these poisons actually invade the liver and set up trouble, and real inflammation. This inflammation of the liver cells and ducts naturally interferes with their proper action.

Physicians are still looking for some special cause of jaundice, but in the meantime, it is agreed, that eating too much food, food that is too hot, or perhaps too cold, tainted food, or too much of the alcoholic beverages can usually be blamed for the attack. There is usually headache, and a tired lazy feeling, just as you would have in the ordinary bilious attack.

Fortunately most of these cases of jaundice are of a mild type and soon pass away.

Unfortunately however, it sometimes takes a severe form and there is an actual wasting away of the liver cells, terminating in death.

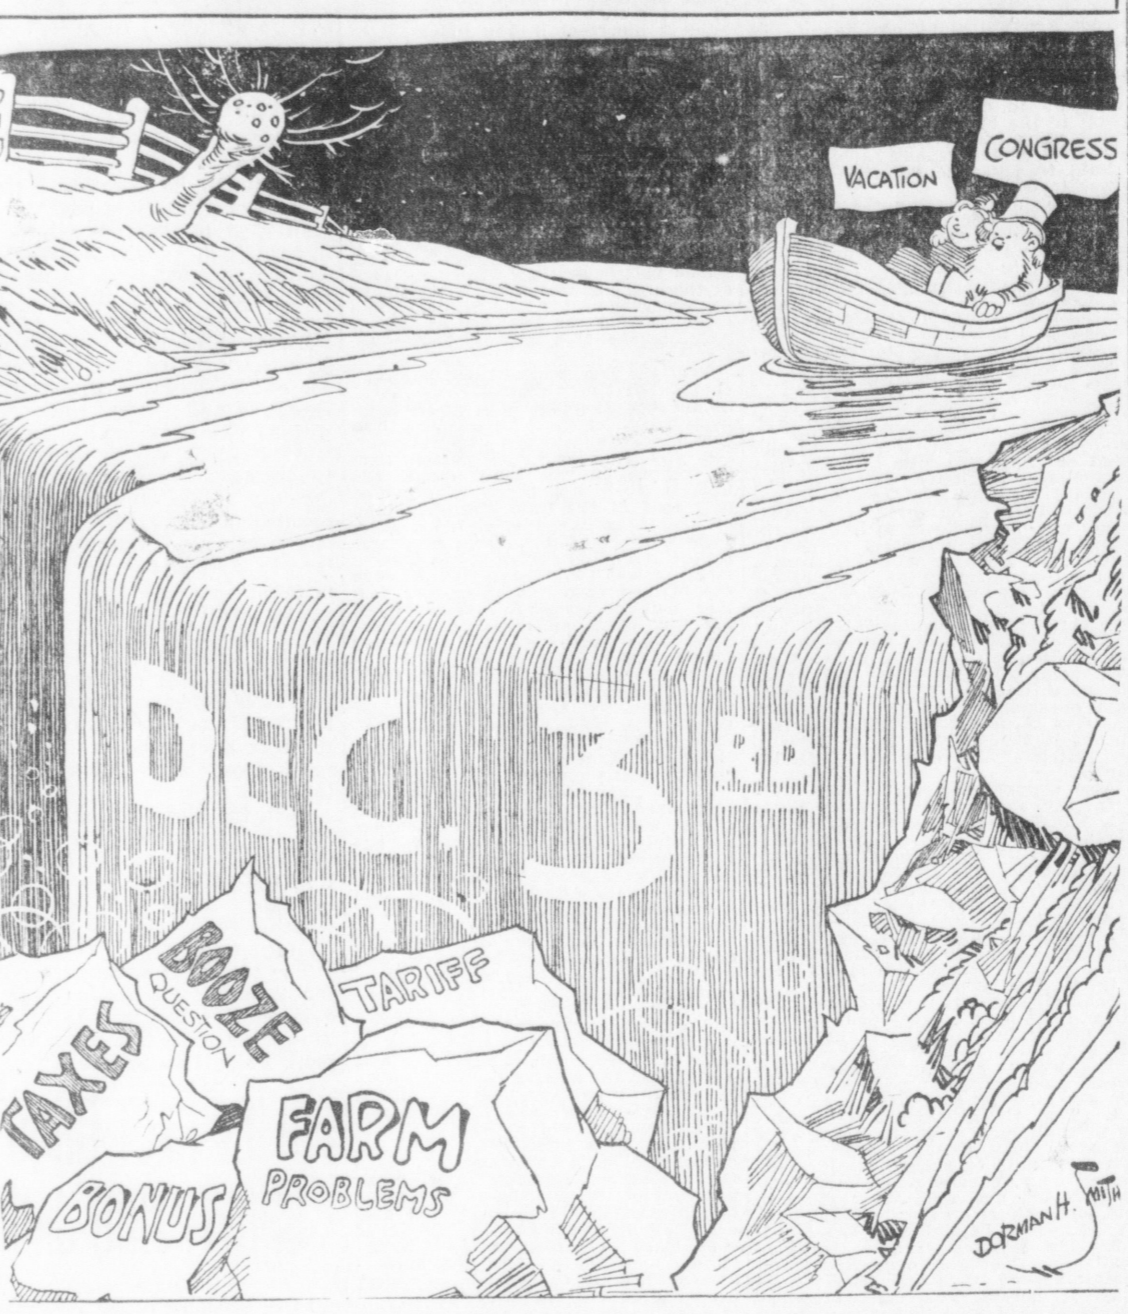

Now what should be done in a case of jaundice? Your physician will first try to get rid of the cause, and so you may expect generous doses of calomel and salts.

And then what? Actual stimulation of the liver by exercise. The bending and twisting exercises work directly upon the liver, circulation, and our best authorities now agree that exercise is better than any form of medicine for this purpose.

Where one feels too weak for exercise, long deep breaths may be taken.

Sometimes gentle massage helps where the patient is too weak to take exercise. Plenty of water is advisable, not that it actually dilutes the bile, but it dilutes other things passing through the liver that might be harmful.

**America's Favorite Songs**  
COLUMBIA, THE GEM OF THE OCEAN

O Columbia, the gem of the ocean,  
The home of the brave and the free,  
The shrine of each patriot's devotion,  
A world offers homage to thee,  
Thy mandates make heroes assemble,  
When Liberty's form stands in view;  
Thy banners make tyrants tremble,  
When borne by the red, white, and blue!

When borne by the red, white, and blue!  
When borne by the red, white, and blue!  
Thy banners make tyrants tremble,  
When borne by the red, white, and blue!

When winged its wide desolation,  
And threatened the land to deform,  
The ark then of freedom's foundation,  
Columbia rode safe thro' the storm;  
With her garlands of victory around her,  
When so proudly she bore her brave crew;  
With her flag proudly floating before her,  
The boast of the red, white, and blue!

The star-spangled banner bring hither,  
O'er Columbia's true sons let it wave;  
May the wreaths they have won never wither,  
Nor its stars cease to shine on the brave;  
May the service, united, ne'er sever,  
But hold to their colors so true;  
The army and navy forever,  
Three cheers for the red, white, and blue!

Three cheers for the red, white, and blue!  
Three cheers for the red, white, and blue!  
Three cheers for the red, white, and blue!

"Columbia, the Gem of the Ocean" was written by a Philadelphia pianist, in the role of an obliging friend, composed the song to assist an actor acquaintance.

Its authorship has not always been considered definite. Some authorities describe the composition as of uncertain origin and state truly that Shaw produced some patriotic verses but a'Becket found them ungrammatical and deficient in rhythm.

That night a'Becket wrote the song. A few weeks later he left for New Orleans and was much surprised to see a copy entitled, "Columbia, the Gem of the Ocean," written, composed and sung by David T. Shaw.

"On my return," he says, "I waited upon the publisher and produced the original copy in pencil. The song then was published giving me credit for authorship and composition."

**Time to Smile**

**TIT FOR TAT**  
A young man, who had not been married long, remarked at the dinner table the other day, "My dear, I wish you could make bread such as my mother used to make."

The bride smiled and answered in a voice that did not tremble: "Well, dear, I wish you could make the dough that father used to make." —Grit.

**TERRIBLE!**  
A pale, proud girl turned to the big, heavy browed man, who was gazing at her intently. He held a glittering knife in his hand: "Have you no heart?" she asked in low, even tones.

"No," he growled.

"Then give me ten cents' worth of liver." —Minneapolis Journal.

Scene, Fred Feernot on board of a ship tawking to his mother and his best girl.

Fred Feernot. O boy look at those waves. That's wat I call waves!

His mother. Hey Fred, suppose this bote was to all of sudden sink, who would you save, me or Clara-bell?

His best girl. Yes Fred, wick?

Fred Feernot. Ladies, you im-barrass me.

His mother. Maybe we do, but that's no anser.

His best girl. You havent sed who you would save.

Fred Feernot. You must give me time to think.

Captin. The bote is sinking. Pre-pare for the worst.

Fred Feernot. Good nite!

His mother. Sutch a coincident! Now we'll soon so wich one he will save. I bet it will be me.

His best girl. I bet it will be me.

Fred Feernot. Jimminy crickets there goes my mother down for the first time. If I save her and levee Clara-bell drowned Clara-bell will think I'm farse. G wizz there goes Clara-bell down for the 2nd time. If I saved her and left my mother drownd I would be very drowndent. There goes my mother down for the 2nd and next to the last time. Heck, this is awfull. Ah, her-ray, heer comes a rescue bote to save them both. Wat a relief! It jest goes to show that sometimes the best thing you can do is stop and think.

The end.

**Winds**

By Berton Braley  
The North Wind is a chill wind,  
A shill wind,  
A bold wind,  
It whistles of the wintry seas and of the frozen trail;  
A strong wind and a cruel, a harsh and bitter cold wind  
That calls hard-bitted rovers to battle storm and gale.

The East Wind is a low wind,  
A slow wind,  
A bland wind,  
That whispers of the Orient and murmurs of Cathay;  
A mystical and magical, a "Never-Never-Land" wind,  
Where age-old peoples calmly drowse the centuries away.

The West Wind is a keen wind,  
A clean wind,  
A brisk wind,  
It calls to blithe adventurers to seek the far frontier;  
A "Leap-before-you-look" wind,  
A "Never-mind-the-risk" wind,  
The breath of open country and of azure skies and clear.

The South Wind is a shy wind,  
A sly wind,  
A warm wind,  
That breathes of love and laziness where tropic waters foam;  
So North or South or East or West.

There always is a charm wind  
That makes it hard for wanderers to linger long at home!

**Philanthropy Is Doubted**

The scheme of certain Los Angeles people to acquire Andreas canyon for a private club was blocked by Mayor Evans of Riverside; but judging from an article in the Times based on information from George W. Clements, formerly of West Riverside, a still more extensive project is under way. Dr. Clements was active in the Andreas canyon club scheme and now urges that private parties should be allowed to acquire both Palm and Andreas canyons, paying the Indians a larger sum for their rights than the government could afford to pay in order to acquire the lands for a national monument.

The scheme will rouse a storm of protest from lovers of nature all over Southern California. The unique and magnificent native palms of these two canyons should be preserved for the people under government protection and control and any proposition to turn them over to private interests should be vigorously opposed. What guarantee would we have that Palm canyon, for instance, would not be fenced in and the people denied the right of admittance to its wonders?

The project of private control is put forward under the guise of philanthropic interest in the welfare of the Indians, but the motives back of the scheme may well be scrutinized. The Beaumont Leader takes no stock in the sincerity of the claims of philanthropy and zeal for the welfare of the Indians that are advanced and pays its respects to the proposal in the following editorial:

Perhaps the Andreas club and the Los Angeles Chamber of Commerce are highly conscientious in the matter of wishing to defend the Indians' rights against an attempt on

**Phone Facts**

During the year 1922, the people of Continental United States called on the telephone 18,250,000,000 times, a daily average of 55,000 calls. Of the daily total, 1,700,000 were toll or long distance calls.

During the year 1922, 320,000 men and women were engaged in the telephone business, not including those employed in the manufacture of telephone apparatus, equipment and supplies.

Haiti, with an estimated population of 2,000,000, has only 747 telephones and about 1500 miles of telephone wire.

In 1881, a quarter of a mile was the limit of distance for talking through underground telephone circuits. In 1913, it was possible to talk from Boston to Washington, D. C., through underground cable, a distance of 455 miles.

**ADVENTURES OF THE TWINS**  
by Olive Roberts Barton

**NO. 23—WHITE NOSE TRIES A STUNT**

White Nose Squirrel was sitting on top of a fence in Dixie Land when the Twins came along. He was puffing his cheeks and sucking them in, and puffing his sides out and drawing them in in the most excited manner.

"I declare to goodness!" he panted. "I've tried and tried but I can't do it. I tried it off a tree and nearly broke my neck and I tried it off a bush and fell flat, and now I've been practicing off the top of this fence and it's the same thing over again. I've stubbed my nose and knocked out a tooth, and I'm bruised all over."

"What is it you've been trying to do?" asked Nick as soon as he could get a word in edgewise.

"Fly," said White Nose, much as though he were saying, "eat" or "sleep" or "run" or anything in the world that wouldn't take your breath away.

"Fly!" explained he Twins in one breath.

"Yes," declared White Nose. "I was trying to fly. I saw another squirrel do it, so why shouldn't I? I saw him fly from the top of a great big tree right down to the ground like a bird."

"Are you sure?" asked Nancy. "Maybe it was a bird. Perhaps you didn't see right."

"Bird!" exclaimed White Nose. "Well, if it was a bird, it was a queer one; it had whiskers and a big bushy tail that curled up over its back and gray fur all over it. No, sir! It wasn't a bird any more than I am, and I haven't got a feather on me."

At that very minute there was a "Chirr! Chirr! Chirr! Chirr!" right over their heads and right before their astonished eyes a fat furry figure floated down gracefully from the branch of a tree and landed on the ground.

"There! Didn't I tell you?" cried White Nose dancing around on two legs.

"We—we were just talking about you!" said Nancy breathlessly to the newcomer. "We never knew that squirrels could fly! Where did you learn? In a circus?"

"Why, no! Nobody taught us," answered the curious fellow.

"Who is us?" asked Nick.

"My brothers and I. We always could."

"Fly up and let's see you do it again. Perhaps I could learn," begged White Nose eagerly.

The squirrel shook his head. "No, I can't do that," he said. "When I want to go up a tree, I have to use my sharp claws and climb up same as you. I'll tell you a secret. I don't really fly at all! I jump. But the skin on my hind legs is joined to my sides in such a way as to make a sort of parachute and it lets me down easy. They do call us flying squirrels, but we don't fly at all."

"Wish I could!" sighed White Nose enviously.

"My goodness!" said Nick. "You ought to be glad you can climb. What would you do if you were a toad or a turtle?"

White Nose laughed and ran off into the woods.
